VAJIRAM & RAVI

PowerUp Current Affairs Test Series – 2025

CA Test – 08 – (CA2258)

TEST BOOKLET

Time Allowed: Two Hours ***Maximum Marks: 200***

INSTRUCTIONS

1. IMMEDIATELY AFTER THE COMMENCEMENT OF THE EXAMINATION, YOU SHOULD CHECK THAT THIS TEST BOOKLET DOES ***NOT*** HAVE ANY UNPRINTED OR TORN OR MISSING PAGES OR ITEMS, ETC. IF SO, GET IT REPLACED BY A COMPLETE TEST BOOKLET.
2. **Please note that it is the candidate's responsibility to encode and fill in the Roll Number carefully and without any omission or discrepancy at the appropriate places in the OMR Answer Sheet. Any omission/discrepancy will render the Answer Sheet liable for rejection.**
3. You have to enter your Roll Number on the Test Booklet in the Box provided alongside. ***DO NOT*** write ***anything else*** on the Test Booklet.
4. This Test Booklet contains **100** items (questions). Each item comprises four responses (answers). You will select the response which you want to mark on the Answer Sheet. In case you feel that there is more than one correct response, mark the response which you consider the best. In any case, choose ***ONLY ONE*** response for each item.
5. You have to mark all your responses ***ONLY*** on the separate Answer Sheet provided. See directions in the Answer Sheet.
6. ***All*** items carry equal marks.
7. Before you proceed to mark in the Answer Sheet the response to various items in the Test Booklet, you have to fill in some particulars in the Answer Sheet.
8. After you have completed filling in all your responses on the Answer Sheet and the examination has concluded, you should hand over to the Invigilator ***only the Answer Sheet***. You are permitted to take this Test Booklet with you.
9. **Penalty for wrong answers:**
   THERE WILL BE PENALTY FOR WRONG ANSWERS MARKED BY A CANDIDATE IN ALL THE QUESTIONS.
   i. There are four alternatives for the answer to every question. For each question for which a wrong answer has been given by the candidate, one-third of the marks assigned to that question will be deducted as penalty.
   ii. If a candidate gives more than one answer, it will be treated as a **wrong answer** even if one of the given answers happens to be correct and there will be same penalty as above to that question.
   iii. If a question is left blank, i.e., no answer is given by the candidate, there will be **no penalty** for that question.

1. Which of the following are the most likely impacts of the recent repatriation of gold by the Reserve Bank of India (RBI)?
1. Savings on storage fees paid to foreign custodians
2. Decreases in the gold reserves held by the RBI
3. Protects the economy against currency volatility

Select the correct answer using the code given below:
(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

2. The 'Visible Emission Line Coronagraph (VELC)' is a primary payload of:
(a) Aditya-L1
(b) Chandrayaan 3
(c) Gaganyaan
(d) AstroSat

3. Consider the following information:
1. He was popularly known as *'Deshbandhu'*.
2. He was the President of the Gaya session, 1922 of the Indian National Congress.
3. He authored the books 'Malancha', 'Mala' and 'Sagar Sangeet'.

Who was this personality?
(a) Surendranath Banerjee
(b) Chittaranjan Das
(c) Motilal Nehru
(d) Madan Mohan Malaviya

4. The 'One Day One Genome' initiative aims to:
(a) map human genetic variations to combat genetic disorders
(b) release a fully annotated bacteriological genome in public domain
(c) accelerate decoding of the genomes of wild relatives of key crops
(d) study pathogen genomics to develop targeted antimicrobial therapies

5. Consider the following statements regarding the GSAT-N2 (GSAT-20) satellite:
1. It has been developed by NewSpace India Limited (NSIL), the commercial arm of ISRO.
2. It aims to enhance broadband and in-flight connectivity across India.
3. It was launched using SpaceX's Falcon-9 rocket.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 and 3 only
(c) 3 only
(d) 1, 2 and 3

6. Consider the following statements regarding Underground Coal Gasification (UCG):
1. It eliminates the need for mining, thereby reducing the health risks to miners.
2. It does not cause any water contamination as seen in conventional coal mining.
3. It results in much lower air emissions of harmful substances than in the surface gasification.

How many of the statements given above are correct?
(a) Only one
(b) Only two
(c) All three
(d) None

7. Consider the following statements:
1. It is the third-largest tiger reserve in the country.
2. It connects the Bandhavgarh and the Palamau Tiger Reserves.
3. It is located across the Chota Nagpur and the Baghelkhand plateaus.

Which one of the following tiger reserves is described in the above statements?
(a) Guru Ghasidas - Tamor Pingla Tiger Reserve
(b) Udanti Sitanadi Tiger Reserve
(c) Ratapani Tiger Reserve
(d) Achanakmar Tiger Reserve

8. The UNEP-INC-5, recently seen in the news, is related to:
(a) climate change adaptation fund
(b) conservation of marine species
(c) international carbon tax
(d) plastic pollution

9. Consider the following pairs:

	Folk Dance	State/Union Territory
1.	Bhortal	Assam
2.	Gussadi	Telangana
3.	Rouf	Jammu and Kashmir
4.	Jhijhiya	Odisha

How many of the pairs given above are correctly matched?
(a) Only one pair
(b) Only two pairs
(c) Only three pairs
(d) All four pairs

10. Consider the following statements regarding the 'Global Energy Efficiency Alliance':
1. It was launched by the International Renewable Energy Agency (IRENA).
2. It aims to double global energy efficiency rates by 2030.
3. It focuses on financing options and technological solutions for energy sustainability in Africa.

Which of the statements given above is/are correct?
(a) 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

11. Which one of the following is the objective of E-Daakhil?
(a) To provide a platform for farmers for selling their produce directly to consumers online
(b) To enable the digital tracking of public health and vaccination data
(c) To enable filing of complaints digitally with consumer forums
(d) To offer a digital solution for tracking and resolving traffic violations

12. Consider the following pairs:

	Report	Published by
1.	World Intellectual Property Indicator, 2024	International Intellectual Property Alliance (IIPA)
2.	State of the World's Children, 2024	United Nations International Children's Emergency Fund
3.	World Energy Outlook, 2024	International Energy Agency (IEA)

How many of the pairs given above are correctly matched?
(a) Only one pair
(b) Only two pairs
(c) All three pairs
(d) None

13. The Mobility Arrangement for Talented Early-professionals Scheme (MATES), recently seen in the news, is signed between India and:
(a) United Kingdom
(b) Germany
(c) France
(d) Australia

14. Consider the following statements regarding the International Cooperative Alliance (ICA):
1. It is an intergovernmental organization formed under the aegis of the United Nations.
2. India recently hosted the global conference of the ICA for the first time.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

15. The term 'peak oil', sometimes seen in the news, refers to:
(a) a stage at which global oil production reaches its maximum output rate
(b) a point when fossil fuels will be completely replaced by renewable energy sources
(c) a point when global oil reserves will be entirely exhausted
(d) a period when oil market experiences a sudden and sustained increase in prices

16. Consider the following statements:
1. Hypersonic Glide Vehicles (HGVs) are launched from a rocket while Hypersonic Cruise Missiles (HCMs) are powered by air-breathing high-speed engines.
2. HGVs manoeuvre toward their target using atmospheric lift while HCMs maintain a sustained hypersonic speed through atmospheric flight.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

17. The "Global Alliance Against Hunger and Poverty" is an initiative of which one of the following?
(a) ASEAN
(b) European Union
(c) G20
(d) BRICS

18. With reference to the Intercontinental Ballistic Missiles (ICBMs), consider the following statements:
1. They have a minimum range of 5,500 kilometres.
2. They follow a parabolic path influenced by gravity.
3. They are used exclusively to carry nuclear warheads.

Which of the statements given above are correct?
(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

19. Consider the following countries:
1. Georgia
2. Azerbaijan
3. Iran
4. Russia
5. Turkey

How many of the above share a border with Armenia?
(a) Only two
(b) Only three
(c) Only four
(d) All five

20. The GQ-RCP technology is primarily used to diagnose:
(a) Hepatitis B virus
(b) Mycobacterium tuberculosis
(c) Plasmodium falciparum
(d) Human Immunodeficiency Virus (HIV)

21. Consider the following:
1. West Bengal
2. Gujarat
3. Madhya Pradesh
4. Rajasthan

How many of the above are major sesame-growing States in India?
(a) Only one
(b) Only two
(c) Only three
(d) All four

22. The term "KLEMS database" was recently seen in the news in the context of:
(a) climate monitoring and emissions tracking
(b) digital payments and financial inclusion
(c) employment estimates in public and private sectors
(d) productivity and economic growth analysis

23. Consider the following statements regarding the One Nation-One Subscription (ONOS) scheme:
1. It provides access to the latest scholarly research articles and academic journals.
2. It will benefit all Higher Educational Institutions under the Central or State Governments.
3. It will be managed through the Digilocker portal.

Which of the statements given above are correct?
(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

24. Which of the following best describes Global Environmental, Social, and Governance (ESG) standards?

(a) A framework that helps assess the sustainability and societal impact of businesses

(b) A global certification program for all corporations to comply with environmental laws

(c) A set of government regulations focused exclusively on reducing carbon emissions

(d) A set of international laws mandating corporate ethics in environmental conservation

25. Consider the following statements:

1. Carbon fibre composite batteries have a higher energy density per kilogram compared to lithium-ion batteries.
2. Lithium Iron Phosphate (LFP) batteries are less prone to thermal runaway and overheating compared to Nickel Manganese Cobalt (NMC) batteries.
3. Carbon fibre composite batteries are lightweight compared to both NMC and LFP batteries.

Which of the statements given above are correct?

(a) 1 and 2 only

(b) 2 and 3 only

(c) 1 and 3 only

(d) 1, 2 and 3

26. *Dicliptera polymorpha*, which was recently in the news, is a:

(a) plant known for its flowering triggered by fires

(b) butterfly endemic to the Western Ghats

(c) plant known for its bioluminescence

(d) frog known for its unique breeding technique

27. Consider the following pairs:

	Fertilizer	Subsidy Regime in India
1.	Phosphatic and Potassic (P&K)	A fixed amount of subsidy is provided to the manufacturer/importer depending on their nutrient content
2.	Diammonium Phosphate (DAP)	Covered under the Nutrient Based Subsidy (NBS) scheme
3.	Urea	Covered under a fixed Maximum Retail Price (MRP) policy
4.	Potash Derived from Molasses (PDM)	Subsidy bridges the gap between MRP and the cost of production

How many of the pairs given above are correctly matched?

(a) Only one pair

(b) Only two pairs

(c) Only three pairs

(d) All four pairs

28. Consider the following:

1. Patiala
2. Mumbai
3. Udaipur
4. Kolkata
5. Thanjavur

The Zonal Cultural Centres (ZCC) have been set up at how many of the above places in India?

(a) Only two

(b) Only three

(c) Only four

(d) All five

29. In India, the terms *'Khiamniungan, Chang*, *Sangtam* and *Tikhir*' pertain to:

(a) dance forms

(b) musical instruments

(c) cave paintings

(d) local tribes

30. Consider the following statements:
Statement-I:
The dark side of the Moon does not receive sunlight at all.
Statement-II:
The Moon is tidally locked to Earth.
Which one of the following is correct in respect of the above statements?
(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct, but Statement–II is incorrect
(d) Statement–I is incorrect, but Statement–II is correct

31. Consider the following statements regarding the African penguin:
1. It is the smallest penguin species in the world.
2. It is found only in Namibia and South Africa.
3. It is the only penguin species in the world to be listed as 'critically endangered' in the IUCN Red List.

How many of the above statements are correct?
(a) Only one
(b) Only two
(c) All three
(d) None

32. Consider the following statements regarding the differences between airships and aeroplanes:
1. Airships are lighter than aeroplanes.
2. Aeroplanes are faster than airships.
3. Airships are less polluting than aeroplanes.

Which of the statements given above are correct?
(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

33. What are 'Large Magellanic Clouds'?
(a) A dense region of gas and dust in the Stratosphere
(b) An aurora near the Earth's polar regions
(c) A dwarf galaxy that orbits the Milky Way galaxy
(d) An icy comet region beyond the Kuiper Belt

34. Consider the following statements:
Statement-I:
At higher altitudes, the human body increases Red Blood Cells production.
Statement-II:
As altitude increases, oxygen levels and atmospheric pressure decrease.
Which one of the following is correct in respect of the above statements?
(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct, but Statement–II is incorrect
(d) Statement–I is incorrect, but Statement–II is correct

35. Consider the following statements:
1. Permanent Account Number (PAN) is a twelve-digit alphanumeric code.
2. Tax Deduction Account Number (TAN) is mandatory for all persons who are responsible for deducting tax at source (TDS).

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

36. Which of the following statements is/are correct regarding the PM-Vidyalaxmi initiative?
1. It is a Centrally Sponsored Scheme of the Government of India.
2. It aims to provide collateral-free and guarantor-free education loans to students.
3. It will apply only to students enrolled in government institutions.

Select the correct answer using the code given below:
(a) 1 and 2 only
(b) 2 only
(c) 1 and 3 only
(d) 1, 2 and 3

37. With reference to the SUNIL programme, consider the following statements:
1. It aims to strengthen the technology delivery system to create social enterprise models.
2. It covers candidates belonging to the Economically Weaker Section (EWS) only.
3. It is implemented on the Land-Lab-Land model.

Which of the statements given above are correct?
(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

38. Which one of the following is the objective of C-PACE?
(a) Promote corporate social responsibility initiatives among companies
(b) Centralize the process of removing companies from official records
(c) Simplify the process of issuing business licenses to startups
(d) Oversee the financial audits of all public sector enterprises

39. Consider the following statements:
1. Direct-to-Device enables unmodified IoT devices to transmit data over satellite when cellular data is not available.
2. Direct-to-Cell enables smartphone users to perform basic functions when outside of cellular coverage.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

40. The "Janjatiya Gaurav Divas" was recently celebrated to commemorate the 150th birth anniversary of which one of the following leaders?
(a) Tantia Bhil
(b) Birsa Munda
(c) Rani Gaidinliu
(d) Sidhu Murmu

41. With reference to the Sohrai Painting, consider the following statements:
1. It is a traditional folk art practiced predominantly in the Hazaribagh region of Jharkhand.
2. The legacy of this art is passed down from mothers to daughters, embodying a matriarchal tradition.
3. The artwork reflects the tribal communities' relationship with their natural surroundings.

Which of the statements given above is/are correct?
(a) 1 and 2 only
(b) 2 only
(c) 1 and 3 only
(d) 1, 2 and 3

42. The report 'Coral Triangle at Risk: Fossil Fuel Threats and Impact' was recently released at which of the following international conferences?
(a) Convention on Biological Diversity (COP16)
(b) United Nations Framework Convention on Climate Change (COP28)
(c) International Union for Conservation of Nature (IUCN) World Conservation Congress
(d) United Nations Ocean Conference

43. Consider the following statements regarding the coking coal in India:
1. It has been designated as a 'critical mineral' by the Government of India.
2. Australia is the largest supplier of coking coal to India.
3. The high carbon content and low sulfur content make it suitable for steel production.

How many of the above statements are correct?
(a) Only one
(b) Only two
(c) All three
(d) None

44. Consider the following statements regarding the Telecommunications (Telecom Cyber Security) Rules, 2024:

1. It empowers the Central Government to seek traffic data from a telecom entity.
2. Telecom entities must report a cybersecurity incident to the Central Government within six hours.
3. Telecom entities are required to appoint a Chief Telecommunication Security Officer.

How many of the above statements are correct?

(a) Only one
(b) Only two
(c) All three
(d) None

45. Consider the following statements regarding the significance of Central Value Added Tax (CENVAT):

1. It eliminates the double taxation and ensures that taxes are paid only on the value addition of a product.
2. It can be claimed for both capital goods as well as input services used in the manufacture of finished goods.

Which of the statements given above is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

46. Consider the following statements with reference to the Urban Infrastructure Development Fund (UIDF):

1. It is established through the use of shortfall in priority sector lending.
2. It will be used to create urban infrastructure in tier-2 and tier-3 cities.
3. It is managed by the National Housing Bank.

Which of the statements given above are correct?

(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

47. Which of the following factors have likely contributed to the recent depreciation of the Indian Rupee?

1. Increased inflow of foreign funds into the Indian equity market
2. Strengthening of the US dollar index
3. Depreciation of the Chinese currency

Select the correct answer using the code given below:

(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

48. Consider the following statements regarding International Monetary Fund (IMF) loan arrangements:

1. Precautionary and Liquidity Line (PLL) provides financial support to meet actual or potential balance of payments needs of countries with sound policies that may have some remaining vulnerabilities.
2. Extended Fund Facility (EFF) provides short-term financial assistance to countries facing temporary balance of payments problems.

Which of the statements given above is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

49. Which one of the following has launched the 'Nicer Globe' initiative for improving the chemical transportation safety in India?

(a) Central Pollution Control Board
(b) The Department of Chemicals & Petro-Chemicals
(c) Indian National Chemical Authority
(d) Indian Chemical Council

50. Consider the following statements regarding the International Bank for Reconstruction and Development (IBRD):

Statement-I:

It aims to support sustainable development through investments in infrastructure and education.

Statement-II:

It focuses on providing loans to low-income countries at zero interest rate.

Which one of the following is correct in respect of the above statements?

(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct, but Statement–II is incorrect
(d) Statement–I is incorrect, but Statement–II is correct

51. Consider the following statements:

1. Aluminum oxide emitted during satellite reentry acts as a catalyst for ozone depletion in the stratosphere.
2. Black carbon released during rocket launches contributes to the warming of the atmosphere.
3. Metals released from burnt satellites can promote the formation of cloud condensation nuclei.

Which of the statements given above are correct?

(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

52. Which one of the following acts as the nodal agency in India for cross-border power trading with Bangladesh, Bhutan and Nepal?

(a) BSES Yamuna Power Limited (BYPL)
(b) Power Grid Corporation of India Limited (PGCIL)
(c) Satluj Jal Vidyut Nigam (SJVN)
(d) NTPC Vidyut Vyapar Nigam (NVVN)

53. Consider the following pairs:

	Wildlife Sanctuary	State
1.	Tungareshwar	Maharashtra
2.	Nugu	Kerala
3.	Hollongapar Gibbon	Karnataka

How many of the pairs given above are correctly matched?

(a) Only one pair
(b) Only two pairs
(c) All three pairs
(d) None

54. Consider the following pairs:

	Military Exercise	Conducted between India and
1.	Vajra Prahar	United States of America
2.	Garud Shakti	Indonesia
3.	Kazind	Kazakhstan

How many of the pairs given above are correctly matched?

(a) Only one pair
(b) Only two pairs
(c) All three pairs
(d) None

55. The recent discovery of a unique black hole triple system signifies which one of the following?

(a) Possibility of formation of black holes through direct collapse instead of supernova explosions
(b) Variations in the 'ticking rates' of pulsars are caused by low-frequency gravitational waves
(c) Emergence of gravitational waves from supermassive black holes spiraling together before merging
(d) Possibility to spot ripples in space-time at frequencies that are yet to be detected

56. "Markhor, Takin and Goral" are the species of:

(a) yak
(b) buffalo
(c) goat
(d) camel

57. With reference to the Policy on Biometric Data Access, consider the following statements:
1. Core biometric information like fingerprints scans can be accessed by government agencies with prior approval of the Unique Identification Authority of India.
2. Authentication records of Aadhaar cardholders can be disclosed only by a prior approval of the Central Information Commission.
3. Biometric data in the Aadhaar database cannot be accessed by private companies for verification purposes.

Which of the statements given above is/are correct?
(a) 1 only
(b) 1 and 2 only
(c) 3 only
(d) 1, 2 and 3

58. The 'Panpatha Wildlife Sanctuary' makes up the core area of which one of the following?
(a) Sariska National Park
(b) Bandhavgarh National Park
(c) Satpura National Park
(d) Madhav National Park

59. 'Rhizome weevil', 'Mealybug' and 'Rust thrip' are known to attack which one of the following crops?
(a) Pea
(b) Rice
(c) Wheat
(d) Banana

60. Consider the following pairs:

	Food additive	Used in
1.	Carrageenan	Processed meat
2.	Monosodium Glutamate	Instant noodles
3.	Lecithin	Chocolates and confectionery

How many of the above pairs are correctly matched?
(a) Only one pair
(b) Only two pairs
(c) All three pairs
(d) None

61. The 'PAIR programme', recently seen in the news, is associated with:
(a) promoting financial inclusion through digital payments
(b) advancing research and innovation in the universities
(c) enhancing agricultural productivity through precision farming
(d) strengthening the rural health infrastructure

62. With reference to the 'Pinaka' Multi-Barrel Rocket Launcher (MBRL) system, consider the following statements:
1. It is a long range versatile artillery weapon.
2. It is developed by the Defence Research and Development Organisation (DRDO).
3. Pinaka Mk1 has a range of 300 km.
4. Its operation is restricted to a maximum of two ammunitions.

Which of the statements given above are correct?
(a) 1 and 2 only
(b) 2 and 4 only
(c) 3 and 4 only
(d) 1 and 3 only

63. In India, the 'No Development Zones (NDZ)' are declared under:
(a) Wildlife Protection Act, 1972
(b) National Forest Policy, 1988
(c) Wetlands (Conservation and Management) Rules, 2017
(d) Environment (Protection) Act, 1986

64. Consider the following statements with reference to the Equatorial ElectroJet (EEJ):
1. It is an intense current jet flowing in the ionosphere.
2. It changes the geomagnetic field near the equator.
3. It can impact satellite orbital dynamics and electrical power grids.

Which of the statements given above are correct?
(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

65. Which operation is launched by the Department of Science and Technology to demonstrate the potential applications of geospatial technologies for improving quality of life and ease of doing business?

(a) Operation Bhujang
(b) Operation Vasudha
(c) Operation Sudarshan
(d) Operation Dronagiri

66. With reference to the National Biodiversity Strategy and Action Plan (NBSAP) 2024-2030, consider the following statements:

1. It aligns with the Kunming-Montreal Global Biodiversity Framework.
2. It adopts the 'Whole-of-Government' and 'Whole-of-Society' approach.
3. It focuses on community-driven conservation efforts for the restoration of degraded ecosystems.

Which of the statements given above are correct?

(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

67. With reference to the Global Health Emergency Corps (GHEC), consider the following statements:

1. It has been established by the World Health Organization (WHO).
2. It aims to guarantee prompt actions during health emergencies.
3. It was activated for the first time over mpox outbreak.

Which of the statements given above are correct?

(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

68. Consider the following information:

	Agency/Network	Initiative of
1.	Asset Recovery Interagency Network-Asia Pacific (ARIN-AP)	Financial Action Task Force (FATF)
2.	Global River Cities Alliance (GRCA)	National Mission for Clean Ganga (NMCG)
3.	Climate and Clean Air Coalition (CCAC)	United Nations Environment Programme (UNEP)

How many of the pairs given above are correctly matched?

(a) Only one pair
(b) Only two pairs
(c) All three pairs
(d) None

69. In the context of geopolitics, the term 'Silicon Shield' refers to:

(a) The USA's strategy to protect its semiconductor industry through onshoring initiatives
(b) China's efforts to secure semiconductor technology for economic and military dominance
(c) Taiwan's strategic deterrence through its semiconductor manufacturing capabilities
(d) China's strategic control over the global supply of semiconductor materials

70. Arrange the following islands in correct sequence from the east to west direction:

1. East Timor
2. Borneo
3. Sulawesi
4. Papua New Guinea

Select the correct answer using the code given below:

(a) 1-2-3-4
(b) 4-1-3-2
(c) 2-4-3-1
(d) 1-3-2-4

71. It was built by the Kakatiya dynasty using the 'sandbox' technique which involved filling the pit, dug up for laying foundation with a mixture of sand lime, jaggery and karakkaya (black myrobalan fruit), before its construction. Which one of the following temples is described above?
(a) Airavatesvara Temple
(b) Hazara Rama Temple
(c) Ramappa Temple
(d) Konark Sun temple

72. Consider the following statements regarding the Artificial Intelligence (AI):
1. Unlike Generative AI, Agentic AI can autonomously execute complex tasks and interact with other agents.
2. Agentic AI is part of the third wave of AI focusing on task execution, while Generative AI belongs to the second wave of predictive AI advancements.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

73. Consider the following statements regarding the Titanium:
1. It has the least corrosion-resistance.
2. It is used in prosthetic devices due to its compatibility with human tissues and bones.
3. It is widely used in aerospace due to its lightweight properties.
4. It is used in sunscreens due to its UV filtering properties.

Which of the statements given above is/are correct?
(a) 1, 2 and 3 only
(b) 2, 3 and 4 only
(c) 1 and 4 only
(d) 1, 2 and 4 only

74. Consider the following statements with reference to the diabetes:
1. In Type 1 diabetes, the body produces enough insulin but the cells lose their sensitivity to insulin.
2. Type 2 diabetes is an autoimmune condition where the cells in the pancreas that make the insulin are destroyed.
3. Type 1.5 diabetes can be caused due to genetic as well as lifestyle factors.

Which of the statements given above is/are correct?
(a) 1 only
(b) 3 only
(c) 1 and 2 only
(d) 2 and 3 only

75. Consider the following:
1. Conservation of soil moisture
2. Reduction of heat stress
3. Solar power expansion
4. Maximizing energy and food production

How many of the above are benefits of Agrivoltaic farming?
(a) Only one
(b) Only two
(c) Only three
(d) All four

76. Which one of the following mandates that a relocation from a tiger reserve is to be done only with the consent of Gram Sabha?
(a) Wildlife Protection Act, 1972
(b) Forest Conservation Act, 1980
(c) Indian Forest Act, 1927
(d) Environment Protection Act, 1986

77. Consider the following statements:
1. Unlike DNA editing, RNA editing makes permanent changes to a person's genome.
2. Unlike DNA editing, RNA editing presents a lower risk of allergic reactions in the human body.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

78. With reference to Minority Educational Institutions in India, consider the following statements:
1. The educational institutions established prior to the adoption of the Constitution of India do not have the powers to manage it under Article 30.
2. An institution loses its minority status if its administration is no longer vested with the minority community.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

79. Consider the following statements:
1. Asia is the most rapidly urbanizing continent.
2. Africa is the least urbanised continent.
3. More than 50% of the world's population lives in urban areas.
4. The World Urban Forum established by the United Nations addresses issues related to urbanization.

How many of the statements given above are correct?
(a) Only one
(b) Only two
(c) Only three
(d) All four

80. Which of the following organisms generally undergo 'huddling or clustering' during the winter months to conserve heat?
(a) Termites
(b) Butterflies
(c) Honey Bees
(d) Mosquitoes

81. The Chabahar Port provides a shortest maritime route from which one of the following ports of India?
(a) Tuticorin
(b) Kandla
(c) Mumbai
(d) Chennai

82. The 'Digital Sequencing Information (DSI)' refers to:
(a) genetic information stored in physical DNA samples
(b) algorithms designed to simulate biodiversity patterns
(c) information on the digital sequences of genetic resources
(d) satellite imagery used to monitor biodiversity changes

83. Both Eastern Dedicated Freight Corridor and Western Dedicated Freight Corridor pass through which of the following States?
1. Jharkhand
2. Uttar Pradesh
3. Punjab
4. Haryana

Select the correct answer using the code given below:
(a) 1, 2 and 3 only
(b) 2 and 4 only
(c) 1 and 4 only
(d) 1, 2, 3 and 4

84. The 'Harare Declaration 2024' was recently seen in the news in the context of:
(a) promoting sustainable agriculture in arid regions
(b) enhancing climate resilience within health systems
(c) advancing global trade partnerships among developing countries
(d) establishing nuclear disarmament frameworks

85. Consider the following statements:
Statement-I: Nanoclay-reinforced binary carbohydrates can enhance the nutrient use efficiency of chemical fertilizers.
Statement-II: Nanoclay-reinforced binary carbohydrates coating limits the fertilisers' interaction with the rhizosphere soil, water and microbes.
Which one of the following is correct in respect of the above statements?
(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct but Statement–II is incorrect
(d) Statement–I is incorrect but Statement–II is correct

86. Arrange the following States in decreasing order of their installed renewable energy capacity:
1. Tamil Nadu
2. Rajasthan
3. Gujarat
4. Karnataka

Select the correct answer using the code given below:
(a) 2-3-1-4
(b) 3-2-4-1
(c) 2-3-4-1
(d) 3-4-1-2

87. With reference to the regulation of industries in India, consider the following statements:
1. All non-polluting white category industries are exempted from the Consent to Operate (CTO) permit.
2. Industries that have obtained Environmental Clearance (EC) are not required to take Consent to Establish (CTE) clearance.
3. The CTE fee shall be required to be paid by the industry to avoid loss of revenue to the States.

Which of the statements given above are correct?
(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

88. Consider the following pairs:

	Tradition	State
1.	Wangala Festival	Manipur
2.	Deomali Utsav	Maharashtra
3.	Chapchar Kut	Assam

How many of the pairs given above are correctly matched?
(a) Only one pair
(b) Only two pairs
(c) All three pairs
(d) None

89. With reference to Ashtamudi Lake, consider the following statements:
1. It is a Ramsar Wetland of International Importance.
2. It is mainly fed by the Periyar River.
3. It served as a major link between the Quilon city and other major ports in ancient times.

Which of the statements given above are correct?
(a) 1 and 2 only
(b) 1 and 3 only
(c) 2 and 3 only
(d) 1, 2 and 3

90. Consider the following countries:
1. Finland
2. Norway
3. Switzerland
4. Estonia
5. Liechtenstein

Which of the above are members of the India-EFTA Trade and Economic Partnership Agreement (TEPA)?
(a) 1, 2 and 3 only
(b) 2, 3 and 5 only
(c) 3, 4 and 5 only
(d) 1, 4 and 5 only

91. With reference to the seafood industry of India, consider the following statements:
1. India's seafood exports have increased consistently in the last three years.
2. Frozen shrimp is the largest exported marine product from India.
3. The European Union is India's largest seafood market.

Which of the statements given above is/are correct?
(a) 1 and 2 only
(b) 2 only
(c) 1 and 3 only
(d) 2 and 3 only

92. Consider the following statements with reference to the CARICOM organization:
1. It aims to promote economic integration and cooperation among member states.
2. It has observer status in the United Nations.
3. All of its members are Pacific Ocean island countries.

Which of the statements given above are correct?
(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

93. Which one of the following properties makes the wood more durable in space than on Earth?
(a) The absence of atmospheric pressure prevents wood from expanding or contracting
(b) The presence of oxygen in space protects wood from decay
(c) The absence of moisture in space prevents wood from rotting
(d) The lack of gravity causes wood to become lighter and stronger

94. Consider the following statements with reference to the MAHASAGAR Initiative:
1. It is an initiative of the Indian Navy.
2. It is conducted biannually.
3. It primarily aims to explore polymetallic resources in the Indian Ocean.

Select the correct answer using the code given below:
(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

95. Consider the following:
1. Rangeen Mahal
2. Gumbad Darwaza
3. Solah Khamba Masjid

How many of the above monuments belong to the Bahmani dynasty?
(a) Only one
(b) Only two
(c) All three
(d) None

96. Which one of the following receives the most Corporate Social Responsibility (CSR) funding in India?
(a) Healthcare
(b) National Heritage
(c) Agriculture
(d) Climate Change

97. De-husking of millets reduces which of the following nutrients from grains?
1. Proteins
2. Fats
3. Minerals
4. Dietary fibre
5. Carbohydrates

Select the correct answer using the code given below:
(a) 2 and 5 only
(b) 1, 2, 3 and 4 only
(c) 1, 3 and 4 only
(d) 1, 2, 3 and 5 only

98. With reference to the tiger reserves in India, consider the following statements:
1. They are notified by the Union Government on the advice of the State Wildlife Boards.
2. Approval of the National Board for Wildlife is mandatory to alter the boundaries of a tiger reserve.
3. Madhya Pradesh has the highest number of tiger reserves in India.

Which of the statements given above are correct?
(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

99. Which of the following goods are included in the highest GST tax slab in India?

1. High-end motorcycles
2. Printers and Computers
3. Cigarettes and aerated drinks
4. Industrial Intermediaries
5. Imitation jewellery

Select the correct answer using the code given below:

(a) 1, 3 and 5 only
(b) 1 and 3 only
(c) 2, 4 and 5 only
(d) 1, 2 and 4 only

100. With reference to the BRICS New Development Bank (NDB), consider the following statements:

1. India is one of the founding members of the Bank.
2. All the member countries have equal shareholding in the bank.
3. Its President is elected on a rotational basis from one of the founding members.

Which of the statements given above are correct?

(a) 1 and 2 only
(b) 1 and 3 only
(c) 2 and 3 only
(d) 1, 2 and 3
