VAJIRAM & RAVI

PowerUp Current Affairs Test Series – 2025

CA Test – 09 – (CA2259)

TEST BOOKLET

Time Allowed: Two Hours ***Maximum Marks: 200***

INSTRUCTIONS

1. IMMEDIATELY AFTER THE COMMENCEMENT OF THE EXAMINATION, YOU SHOULD CHECK THAT THIS TEST BOOKLET DOES ***NOT*** HAVE ANY UNPRINTED OR TORN OR MISSING PAGES OR ITEMS, ETC. IF SO, GET IT REPLACED BY A COMPLETE TEST BOOKLET.
2. **Please note that it is the candidate's responsibility to encode and fill in the Roll Number carefully and without any omission or discrepancy at the appropriate places in the OMR Answer Sheet. Any omission/discrepancy will render the Answer Sheet liable for rejection.**
3. You have to enter your Roll Number on the Test Booklet in the Box provided alongside. ***DO NOT*** write ***anything else*** on the Test Booklet.
4. This Test Booklet contains **100** items (questions). Each item comprises four responses (answers). You will select the response which you want to mark on the Answer Sheet. In case you feel that there is more than one correct response, mark the response which you consider the best. In any case, choose ***ONLY ONE*** response for each item.
5. You have to mark all your responses ***ONLY*** on the separate Answer Sheet provided. See directions in the Answer Sheet.
6. ***All*** items carry equal marks.
7. Before you proceed to mark in the Answer Sheet the response to various items in the Test Booklet, you have to fill in some particulars in the Answer Sheet.
8. After you have completed filling in all your responses on the Answer Sheet and the examination has concluded, you should hand over to the Invigilator ***only the Answer Sheet***. You are permitted to take this Test Booklet with you.
9. **Penalty for wrong answers:**
   THERE WILL BE PENALTY FOR WRONG ANSWERS MARKED BY A CANDIDATE IN ALL THE QUESTIONS.
   i. There are four alternatives for the answer to every question. For each question for which a wrong answer has been given by the candidate, one-third of the marks assigned to that question will be deducted as penalty.
   ii. If a candidate gives more than one answer, it will be treated as a **wrong answer** even if one of the given answers happens to be correct and there will be same penalty as above to that question.
   iii. If a question is left blank, i.e., no answer is given by the candidate, there will be **no penalty** for that question.

1. Which one of the following characteristics of the dark comets prevents them from being classified as asteroids?

(a) They have sudden accelerations.
(b) They lack the glowing tails.
(c) They are found outside the Mars-Jupiter asteroid belt.
(d) They have eccentric orbits.

2. Consider the following statements:

Statement-I:
Climate change is altering the tree line landscape of the central Himalayan region.

Statement-II:
Evergreen conifers are making a shift to deciduous in the Himalayan forests due to the warming of climate.

Which one of the following is correct in respect of the above statements?

(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct, but Statement–II is incorrect
(d) Statement–I is incorrect, but Statement–II is correct

3. With reference to India's space sector, which one of the following statements correctly describes POEM-4?

(a) It is an orbital platform utilizing the spent fourth stage of the Polar Synchronous Launch Vehicle for in-orbit experiments.
(b) It is a combination of four satellites to be placed in the Low Earth Orbit, utilised for satellite communication.
(c) It is the fourth satellite of the NavIC constellation.
(d) It is India's first mission dedicated to space-based solar power generation.

4. With reference to the geo-heritage sites in India, consider the following statements:

1. The Archaeological Survey of India (ASI) is responsible for identifying and preserving these sites.
2. Respective State Governments are mandated to take measures to protect these sites.
3. Rajasthan has the highest number of geo-heritage sites in India.

Which of the statements given above are correct?

(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

5. For which one of the following reasons, the cowpea was chosen for the Compact Research Module for Orbital Plant Studies (CROPS) experiment by the Indian Space Research Organisation (ISRO)?

(a) It requires minimal sunlight for growth in space conditions.
(b) It tolerates drought and performs well in a wide variety of soils.
(c) India is the largest producer and consumer of cowpeas.
(d) It has shorter germination time than other experimented crops.

6. Consider the following pairs:

	Report	Published by
1.	Future Skills Report	World Economic Forum
2.	Future of Jobs Report	World Bank
3.	World Employment and Social Outlook	International Labour Organisation

How many of the pairs given above are correctly matched?

(a) Only one
(b) Only two
(c) All three
(d) None

7. Which one of the following best describes the primary objective of the MSE-SPICE Scheme?

(a) Promoting technological innovation in the MSME sector for enhanced productivity and competitiveness

(b) Establishing specialized industrial zones for waste management and recycling activities in collaboration with State Governments

(c) Encouraging MSMEs to adopt circular economy solutions by reducing, reusing, and recycling resources in key sectors

(d) Supporting the development of start-ups in the MSME sector focused on renewable energy and sustainable practices

8. With reference to the Nexus Report, recently seen in news, consider the following statements:

1. It is a biennial report published by the World Wildlife Fund (WWF).
2. It ranks countries on the basis of level of coordination between various stakeholders involved in biodiversity conservation.
3. It highlights a strong inter-connection among five global challenges viz. climate change, biodiversity loss, hunger, water scarcity and health risks.

Which of the statements given above is/are correct?

(a) 1 and 2 only

(b) 3 only

(c) 1 and 3 only

(d) 1, 2 and 3

9. Consider the following pairs:

	Handloom Product	State
1.	Patola	Punjab
2.	Jamdani	West Bengal
3.	Moirang Phee	Manipur
4.	Pochampally	Telangana
5.	Tangail	Rajasthan

Which of the pairs given above are correctly matched?

(a) 1, 2 and 3 only

(b) 3, 4 and 5 only

(c) 1, 2 and 5 only

(d) 2, 3 and 4 only

10. With reference to the Schengen Area, consider the following statements:

1. It allows free movement without internal border checks for the visitors.
2. All European Union (EU) member States must be participants in the Schengen Area.
3. A non-EU country can join the Schengen Area.
4. All non-EU citizens require a Schengen visa to enter the Schengen Area.

How many of the statements given above are correct?

(a) Only one

(b) Only two

(c) Only three

(d) All four

11. Consider the following statements:

Statement-I:

Long-term exposure to the environmental stressors has been linked to infertility in humans.

Statement-II:

PM2.5 particles that generate reactive oxygen species can disrupt testosterone production.

Statement-III:

Noise pollution can lead to disruption in estrogen and progesterone balance.

Which one of the following is correct in respect of the above statements?

(a) Both Statement–II and Statement–III are correct and both of them explain Statement–I

(b) Both Statement–II and Statement–III are correct, but only one of them explains Statement–I

(c) Only one of the Statements–II and III is correct and that explains Statement–I

(d) Neither Statement–II nor Statement–III is correct

12. Consider the following pairs:

	GI-tagged Product	State
1.	Risa	Tripura
2.	Lakadong turmeric	Meghalaya
3.	Gamosa	Assam
4.	Sarthebari metal craft	Manipur

How many of the pairs given above are correctly matched?

(a) Only one

(b) Only two

(c) Only three

(d) All four

13. Which one of the following best describes the term "Twigstats" recently seen in the news?

(a) A novel method to detect phishing attacks

(b) A novel method to detect AI-generated deep fake images

(c) A statistical tool to calculate carbon footprint

(d) A diagnostic tool to establish individual-level ancestry

14. With reference to the United Nations Internal Justice Council, consider the following statements:

1. It was established to ensure independence and accountability in the administration of the justice system in the United Nations.
2. It is the "first instance tribunal" of the UN's internal justice system.

Which of the statements given above is/are correct?

(a) 1 only

(b) 2 only

(c) Both 1 and 2

(d) Neither 1 nor 2

15. With reference to the "Assessment of Water Resources of India 2024", consider the following statements:

Statement-I:

The annual groundwater recharge is significantly high in the Indus-Ganga-Brahmaputra alluvial belt.

Statement-II:

The plenty of rainfall and thick piles of unconsolidated alluvial formations are conducive for groundwater recharge.

Which one of the following is correct in respect of the above statements?

(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I

(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I

(c) Statement–I is correct, but Statement–II is incorrect

(d) Statement–I is incorrect, but Statement–II is correct

16. Consider the following statements regarding the 'Jus soli' system of citizenship:

1. It grants citizenship to all or any persons born in the territory of a country.
2. Unlike in India, the United States provides for the jus soli principle of citizenship.

Which of the statements given above are correct?

(a) 1 only

(b) 2 only

(c) Both 1 and 2

(d) Neither 1 nor 2

17. Consider the following pairs:

	Warship/ Submarine	Key Feature
1.	INS Surat	India's first AI-enabled warship
2.	INS Nilgiri	First of the Project 17A class of stealth frigates
3.	INS Kalvari	India's first indigenously built nuclear-powered submarine

How many of the pairs given above are correctly matched?

(a) Only one
(b) Only two
(c) All three
(d) None

18. In the context of material physics, the term 'spin glass' best refers to:

(a) a state of matter that consists of a partially-ionized gas
(b) a carbon allotrope that resembles a tube of glass
(c) a type of glass that has not been strengthened yet
(d) a magnetic state characterized by randomness and disorder

19. With reference to the Household Consumption Expenditure Survey of 2023-24, consider the following statements:

1. The households in India are observed to spend more on food items than on non-food items.
2. The Gini Coefficient of consumption has increased in both rural and urban areas during the last five years.
3. The Monthly Per Capita Consumption Expenditures (MPCE) is the highest in Sikkim among the States.

How many of the statements given above are correct?

(a) Only one
(b) Only two
(c) All three
(d) None

20. The Prevention Of Sexual Harassment at Workplace (POSH) Act 2013 does ***not*** apply to:

(a) Autonomous bodies under the Government of India
(b) Domestic workplaces
(c) Virtual workspaces
(d) Political parties

21. With reference to the Unified District Information System for Education (UDISE) Code, consider the following statements:

1. It is a unique 11-digit code assigned to all the recognized schools from pre-primary to class 12.
2. It is based on the geographical location of a school.
3. It can be modified if the school moves to a different district or State.

How many of the statements given above are correct?

(a) Only one
(b) Only two
(c) All three
(d) None

22. The United States of America (USA) has acquired many territories since its independence. In this context, consider the following pairs:

	Territory	Acquired from	Method of Acquisition
1.	Louisiana	France	Purchase
2.	Alaska	Russia	Military annexation
3.	Texas	Mexico	Military annexation

In how many of the above rows is the given information correctly matched?

(a) Only one
(b) Only two
(c) All three
(d) None

23. With reference to the Protected Area Regime, consider the following statements:

1. It restricts the movement of foreign nationals in designated border areas of India.
2. It applies to regions between the "Inner Line" and international borders.
3. Unlike the Inner Line Permit, it does not apply to Indian citizens.

Which of the statements given above are correct?

(a) 1 and only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

24. Which of the following factors can lead to the 'artesian conditions'?

1. Presence of a confined aquifer between impermeable rock layers
2. Recharge area located at a higher elevation than the aquifer
3. High porosity of the overlying rock layer
4. Direct exposure of the aquifer to surface atmosphere

Select the correct answer using the code given below:

(a) 1 and 2 only
(b) 3 and 4 only
(c) 1, 2 and 3 only
(d) 2, 3 and 4 only

25. With reference to aerogels, consider the following statements:

1. They are naturally occurring materials found in volcanic formations.
2. They are composed of over 90% air by volume.
3. They are widely used in space missions due to their lightweight and insulating capabilities.

Which of the statements given above are correct?

(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

26. A moth species called 'Egyptian cotton leafworm' was recently in the news due to its ability to:

(a) communicate with other moths through ultrasonic signals
(b) detect and respond to distress sounds emitted by stressed plants to choose egg-laying sites
(c) modify its feeding habits based on seasonal plant growth cycles
(d) alter plant metabolism by releasing chemical signals

27. With reference to the Joint Parliamentary Committee (JPC), consider the following statements:

Statement-I:

The Government submits an 'Action Taken Report' in the Parliament based on the JPC's recommendations.

Statement-II:

The JPC's recommendations are binding on the Government.

Which one of the following is correct in respect of the above statements?

(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct, but Statement–II is incorrect
(d) Statement–I is incorrect, but Statement–II is correct

28. Which one of the following statements is ***not*** correct regarding the current state of forest in India?

(a) Only 8 States/UTs have the percentage of their geographical area under forest cover, as recommended by the National Forest Policy, 1988.
(b) The Forest and Tree cover of India is more than one-fourth of the geographical area of the country.
(c) Lakshadweep has the highest forest cover, in terms of percentage of forest cover with respect to total geographical area.
(d) India's carbon stock has reached 30 billion tonnes of CO_2 equivalent.

29. With reference to *Helicobacter pylori*, which of the following statements is/are correct?

1. It affects more than one-third of the world's population with gastrointestinal disorders.
2. CRISPR-based diagnostics can detect the presence of *H. pylori* in infected patients.

Select the correct answer using the code given below:

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

30. Donyi Polo, sometimes mentioned in the news, is:

(a) an indigenous faith practiced by tribes in Arunachal Pradesh
(b) a traditional dance form of the Northeastern States of India
(c) a type of agricultural technique used in the Himalayan region
(d) a community-led environmental conservation initiative in south India

31. With reference to the Sonobuoys, consider the following statements:

1. They can be used to track the exact location of a submarine in the ocean.
2. Active sonobuoys emit sound energy and receive the echo to transmit information.
3. They are used to measure the height of ocean waves.

Which of the above statements is/are correct?

(a) 1 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

32. Consider the following pairs:

	Wildlife Sanctuary	Associated River
1.	Tipeshwar Wildlife Sanctuary	Purna
2.	Bhindawas Wildlife Sanctuary	Shipra
3.	Chinnar Wildlife Sanctuary	Pambar

How many of the pairs given above are correctly matched?

(a) Only one
(b) Only two
(c) All three
(d) None

33. With reference to the South Pole-Aitken Basin (SPA), consider the following statements:

1. It is one of the largest and oldest impact basins on the Moon, located on its far side.
2. It contains information about the Moon's interior composition.

Which of the statements given above is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

34. With reference to Automated & Intelligent Machine-aided Construction (AIMC) system, consider the following statements:

1. It is a system that uses advanced machines and real-time data to improve the quality and speed of construction.
2. It relies on Artificial Intelligence (AI) to independently analyze past data and make autonomous decisions.
3. It reduces the need for manual inspections of the road construction at every stage.

Which of the statements given above is/are correct?

(a) 1 only
(b) 1 and 3 only
(c) 2 and 3 only
(d) 1, 2 and 3

35. The taxation of coconut oil in India is:
(a) based on the size of packaging
(b) under the 'hair oils' category
(c) levied applying the 'common parlance test'
(d) under the 'edible oils' category

36. With reference to a drug named 'Captagon,' consider the following statements:
1. It was originally manufactured as a psychoactive medicine to treat Attention Deficit Hyperactivity Disorder (ADHD).
2. It is used by militant groups, which can cause irreversible changes in brain circuitry taking away a person's ability to think rationally.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

37. Consider the following:
1. Clayton-Bulwer Treaty
2. Hay-Pauncefote Treaty
3. Hay-Bunau-Varilla Treaty

The above treaties are related to:
(a) English Channel
(b) South China Sea
(c) Panama Canal
(d) Suez Canal

38. Consider the following statements regarding the United Nations Disengagement Observer Force (UNDOF):
1. It is a United Nations peacekeeping mission that monitors the ceasefire between Armenia and Azerbaijan.
2. It is located in the Nagorno-Karabakh region.
3. India has been a significant contributor to UNDOF since its establishment.

Which of the statements given above is/are correct?
(a) 1 and 2 only
(b) 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

39. The Chancay port in Peru was recently seen in the news for:
(a) significant delays due to environmental concerns raised by local fishermen and indigenous communities
(b) involvement in the illegal drug trade in South America
(c) its strategic partnership with China for the development of a major trade hub in South America
(d) major concerns over increasing cases of piracy and hijacking of commercial ships in the Pacific Ocean

40. With reference to gas flaring, consider the following statements:
1. It is the process of capturing and storing excess natural gas produced during oil extraction to prevent environmental damage.
2. One of the primary reasons for gas flaring is safety, as it helps prevent sudden pressure build-up and potential explosions in oil extraction sites.
3. Methane emissions from inefficient gas flaring significantly contribute to global warming.

Which of the statements given above are correct?
(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

41. Consider the following ancient scripts:
1. Indus
2. Ancient Greek
3. Hittite
4. Kadamba
5. Luwian

How many of the above were written in the Boustrophedon style?
(a) Only two
(b) Only three
(c) Only four
(d) All five

42. Which one of the following is the correct descending order of States that have recorded the maximum increase in the forest and tree cover since the previous assessment, as per the India State of Forest Report (ISFR) 2023?

(a) Odisha - Uttar Pradesh - Chhattisgarh

(b) Rajasthan - Odisha - Chhattisgarh

(c) Chhattisgarh - Uttar Pradesh - Rajasthan

(d) Uttar Pradesh - Rajasthan - Chhattisgarh

43. With reference to 'opinion trading', recently seen in the news, consider the following statements:

1. In the Indian legal landscape, opinion trading is generally considered a game of skill.
2. There is no dedicated regulatory body to regulate opinion trading in India.

Which of the statements given above is/are correct?

(a) 1 only

(b) 2 only

(c) Both 1 and 2

(d) Neither 1 nor 2

44. The term 'Tinnitus,' recently seen in the news, refers to:

(a) a rare genetic disorder affecting vision in children

(b) a neurological condition causing involuntary muscle movements

(c) the perception of sound without any external source

(d) a viral infection leading to respiratory distress

45. Consider the following statements regarding the Annual Survey of Unincorporated Sector Enterprises (ASUSE) 2022-2023:

1. The total number of unincorporated establishments in India has increased, with rural areas contributing more than half of the total.
2. Uttar Pradesh accounts for the highest number of unincorporated non-agricultural establishments in the country.
3. The share of women-run proprietary establishments is highest in Telangana, followed by West Bengal and Karnataka.

Which of the statements given above are correct?

(a) 1 and 2 only

(b) 2 and 3 only

(c) 1 and 3 only

(d) 1, 2 and 3

46. What is the purpose of the CoS-IT-FloWS, which was recently seen in the news?

(a) Global wildfire prediction

(b) Flood forecasting and early warning

(c) Climate change monitoring

(d) Tropical cyclones prediction

47. With reference to the India's Tobacco Industry, consider the following statements:

1. India is the largest producer of tobacco in the world.
2. India is the second largest exporter of unmanufactured tobacco in the world.
3. India is the fourth largest producer of Flue-Cured Virginia (FCV) tobacco in the world.

Which of the statements given above are correct?

(a) 1 and 2 only

(b) 2 and 3 only

(c) 1 and 3 only

(d) 1, 2 and 3

48. Which one of the following best describes 'Precision Formation Flying (PFF)', recently seen in the news?

(a) A technique used in military aviation where multiple aircraft carry joint operation in a precise, synchronized pattern

(b) A drone swarm strategy that enables unmanned aerial vehicles (UAVs) to autonomously coordinate movements in military operations

(c) A spacecraft maneuvering technique where two or more satellites maintain a synchronized formation to conduct joint observations

(d) A newly developed aerial combat technique that allows fighter jets to merge their radar signatures, making them virtually undetectable

49. With reference to Wildlife Crime Control Bureau (WCCB), consider the following statements:

1. It is a statutory body, established to combat organized wildlife crime in the country.
2. It has the power to prosecute individuals in wildlife-related crimes.
3. It acts as the nodal agency for CITES-related enforcement in the country.

Which of the statements given above are correct?

(a) 1 and 2 only

(b) 3 only

(c) 1 and 3 only

(d) 1, 2 and 3

50. Which one of the following countries was recently in the news for a mysterious undiagnosed illness, hence named "Disease X", which was later found to be a severe form of malaria?

(a) Nigeria

(b) Venezuela

(c) Syria

(d) Democratic Republic of the Congo

51. Consider the following statements with reference to cyclones:

Statement-I:

Cyclones are more common in the post-monsoon months than pre-monsoon months in India.

Statement-II:

The North Westerly winds prevail during the pre monsoon season and move towards the Bay of Bengal.

Which of the following is correct in respect to the above statements?

(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I

(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I

(c) Statement–I is correct, but Statement–II is incorrect

(d) Statement–I is incorrect, but Statement–II is correct

52. Consider the following with reference to the blocking of websites in India:

1. The Telecommunications Act, 2023 provides for blocking websites of the internet in India.
2. Any URL can be blocked on the grounds of disturbing the public order.

Which of the statements given above is/are correct?

(a) 1 only

(b) 2 only

(c) Both 1 and 2

(d) Neither 1 nor 2

53. Which one of the following best describes the term 'ferecrystals', sometimes seen in the news?

(a) Solid substances where the arranged atoms do not repeat themselves regularly

(b) Misfit layered compounds with periodically stacked independent layers

(c) Substances whose properties are not dependent on electrons, but on the size of the element

(d) Substances with the capacity of being reprocessed and reshaped multiple times without breaking its structure

54. Consider the following statements regarding the Atmospheric rivers:

1. They travel from the poles towards the tropics.
2. They are present at a lower altitude than the jet streams.
3. They lead to high pressure conditions over an area, thus inhibiting precipitation.
4. These atmospheric rivers are getting suppressed because of increasing global temperatures.

How many of the above statements are correct?

(a) Only one
(b) Only two
(c) Only three
(d) All four

55. Consider the following statements regarding the Hydrothermal vents:

1. They are located near areas of convergent plate boundary at the ocean bed.
2. They are areas of high temperature, where no living organism can survive.
3. They are rich in sulphurated deposits of commercially important metals like Nickel, Lead, Gold etc.

How many of the above statements are correct?

(a) Only one
(b) Only two
(c) All three
(d) None

56. Consider the following statements with reference to the Chishti order:

1. Chishti saints maintained close relations with the government and rulers.
2. Chishti saints adopted many elements from the Nath-panthi sect.

Which of the statements given above is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

57. Consider the following statements regarding the Sickle Cell disease:

1. It occurs due to deficiency of Vitamin B_{12} in the human body.
2. The National Sickle Cell Anaemia Elimination Mission aims to eliminate the sickle cell burden in India by 2047.

Which of the above statements is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

58. Consider the following:

1. Non-essential spending by households
2. Higher fiscal deficit
3. Decrease in the bond yields
4. Decreased purchasing power

How many of the above can be taken as most likely implications of the Direct money transfer schemes?

(a) Only one
(b) Only two
(c) Only three
(d) All four

59. Consider the following statements regarding the Bharatiya Vayuyan Vidheyak, 2024:

1. It grants statutory status to the Directorate General of Civil Aviation (DGCA).
2. It allows the Central Government to appoint a specialized officer for adjudicating penalties.
3. Decisions of the Central Government are final in appeals against orders issued by the DGCA.

Which of the statements given above are correct?

(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2, and 3

60. With reference to Acquired Immunodeficiency Disease (AIDS), consider the following Statement:

Statement-I:

It is difficult to develop a vaccine for AIDS.

Statement-II:

The reverse transcriptase enzyme creates new versions of the virus while copying RNA into DNA.

Which one of the following is correct in respect of the above statements?

(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I

(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I

(c) Statement–I is correct, but Statement–II is incorrect

(d) Statement–I is incorrect, but Statement–II is correct

61. With reference to tiger reserves in India, consider the following statements:

1. Madhya Pradesh has the highest number of tiger reserves amongst the States in India.
2. Tiger reserves are notified by the Union Government.
3. Approval of the National Board for Wildlife is mandatory to alter the boundaries of a tiger reserve.

Which of the statements given above are correct?

(a) 1 and 2 only

(b) 2 and 3 only

(c) 1 and 3 only

(d) 1, 2 and 3

62. Tishrin dam, recently seen in the news, is located in:

(a) Iraq

(b) Afghanistan

(c) Syria

(d) Iran

63. With reference to the BRICS New Development Bank (NDB), consider the following statements:

1. India is one of the founding members of the Bank.
2. All the member countries have equal shareholding in the bank.
3. The President of the bank is elected from the founding members only.

Which of the statements given above are correct?

(a) 1 and 2 only

(b) 1 and 3 only

(c) 2 and 3 only

(d) 1, 2 and 3

64. Which one of the following best describes the term "money mule"?

(a) A financial advisor managing offshore accounts to evade taxes

(b) A person who facilitates hawala transactions across borders

(c) An intermediary in a Ponzi scheme responsible for recruiting new investors

(d) An individual who unknowingly receives and transfers illegally acquired funds on behalf of others

65. With reference to the rights of Persons with Disabilities (PwDs) in India, consider the following statements:

1. The Rights of Persons with Disabilities Act, 2016 provides for the right to free education for children with benchmark disabilities between the age group of 6 and 18 years.

1. Elephants can be transferred or transported within and between States under Captive Elephant Rules of 2024.
2. The Gajah Suchana, is a mobile app by the Government of India for preventing illegal transport of elephants.
3. The elephant is the only animal in Schedule I of the Wildlife (Protection) Act, 1972 that can still be legally owned.

How many of the statements given above are correct?

(a) Only one
(b) Only two
(c) All three
(d) None

90. Consider the following:

1. Tobacco Cigarettes
2. Aerated drinks
3. Gambling
4. Pan Masala
5. High end petrol based automobiles

How many of the above are considered as sin goods?

(a) Only two
(b) Only three
(c) Only four
(d) All five

91. Consider the following statements:

1. Manual scavenging is not a defined term in India.
2. The practice of manual scavenging is completely prohibited across Indian territory.
3. NAMASTE scheme is a program that aims to improve the safety of sanitation workers in India.

How many of the statements given above are correct?

(a) Only one
(b) Only two
(c) All three
(d) None

92. Consider the following statements regarding Hemophilia:

1. It is a blood clotting disorder where the blood gets clotted within the veins.
2. It is transmitted genetically from one generation to another.
3. It is known to affect males more than females.

How many of the above statements are ***not*** correct?

(a) Only one
(b) Only two
(c) All three
(d) None

93. Consider the following:

1. Reduced agricultural yields
2. Changes in rainfall patterns
3. More nitrous oxide emissions
4. Changes in surface albedo
5. Reduced soil fertility

How many of the above can be considered as potential impacts of land degradation?

(a) Only two
(b) Only three
(c) Only four
(d) All five

94. In the context of the impact of cirrus clouds on the climate, consider the following statements:

1. Increasing global temperatures are contributing to increased formation of cirrus clouds.
2. Cirrus clouds have a net cooling effect on Earth as they reflect much more heat than they absorb.
3. Cirrus cloud formation can initiate a negative feedback loop leading to reduced global warming.

Which of the statements given above is/are correct?

(a) 1 only
(b) 1 and 2 only
(c) 3 only
(d) 1, 2 and 3

95. Consider the following statements with regards to AgriStack:

1. It is a geo-spatial platform for assessing the cropping patterns in the region.
2. It is implemented by the Ministry of Electronics and Information Technology (MeitY) in collaboration with ISRO.

Which of the above given statements is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2
