VAJIRAM & RAVI

PowerUp Current Affairs Test Series – 2025

CA Test – 10 – (CA2260)

TEST BOOKLET

Time Allowed: Two Hours ***Maximum Marks: 200***

INSTRUCTIONS

1. IMMEDIATELY AFTER THE COMMENCEMENT OF THE EXAMINATION, YOU SHOULD CHECK THAT THIS TEST BOOKLET DOES ***NOT*** HAVE ANY UNPRINTED OR TORN OR MISSING PAGES OR ITEMS, ETC. IF SO, GET IT REPLACED BY A COMPLETE TEST BOOKLET.
2. **Please note that it is the candidate's responsibility to encode and fill in the Roll Number carefully and without any omission or discrepancy at the appropriate places in the OMR Answer Sheet. Any omission/discrepancy will render the Answer Sheet liable for rejection.**
3. You have to enter your Roll Number on the Test Booklet in the Box provided alongside. ***DO NOT*** write ***anything else*** on the Test Booklet.
4. This Test Booklet contains **100** items (questions). Each item comprises four responses (answers). You will select the response which you want to mark on the Answer Sheet. In case you feel that there is more than one correct response, mark the response which you consider the best. In any case, choose ***ONLY ONE*** response for each item.
5. You have to mark all your responses ***ONLY*** on the separate Answer Sheet provided. See directions in the Answer Sheet.
6. ***All*** items carry equal marks.
7. Before you proceed to mark in the Answer Sheet the response to various items in the Test Booklet, you have to fill in some particulars in the Answer Sheet.
8. After you have completed filling in all your responses on the Answer Sheet and the examination has concluded, you should hand over to the Invigilator ***only the Answer Sheet***. You are permitted to take this Test Booklet with you.
9. **Penalty for wrong answers:**
   THERE WILL BE PENALTY FOR WRONG ANSWERS MARKED BY A CANDIDATE IN ALL THE QUESTIONS.
   i. There are four alternatives for the answer to every question. For each question for which a wrong answer has been given by the candidate, one-third of the marks assigned to that question will be deducted as penalty.
   ii. If a candidate gives more than one answer, it will be treated as a **wrong answer** even if one of the given answers happens to be correct and there will be same penalty as above to that question.
   iii. If a question is left blank, i.e., no answer is given by the candidate, there will be **no penalty** for that question.

1. Which one of the following statements best describes 'Stakeholder Capitalism'?
(a) A corporate governance system where companies prioritize maximization of profits to ensure high returns on investment
(b) An economic system where the government plays a dominant role in economic decision-making
(c) A system where businesses consider the long-term impact on stakeholders rather than focusing solely on profits
(d) An economic model where entrepreneurial individuals drive economic growth through innovation and risk-taking

2. Consider the following statements regarding Olive Ridley Turtle species:
1. These turtles need to swim up to the sea surface for breathing.
2. Its male-to-female ratio is declining due to rise in global temperature.
3. It is classified as Critically Endangered under the IUCN Red List.

How many of the statements given above are correct?
(a) Only one
(b) Only two
(c) All three
(d) None

3. Consider the following statements:
Statement-I:
The convening of the State Legislative assembly is the sole prerogative of the Governor.
Statement-II:
If the house is adjourned *sine die* without prorogation, reconvening of the house is the prerogative of the Speaker.
Which one of the following is correct in respect of the above statements?
(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct, but Statement–II is incorrect
(d) Statement–I is incorrect, but Statement–II is correct

4. Consider the following statements regarding sunspots:
1. These are cooler compared to other regions on the surface of the sun.
2. They represent low magnetic activity in the sun.
3. The greater the number of sunspots, the higher the quantum of solar activity.

How many of the statements given above are correct?
(a) Only one
(b) Only two
(c) All three
(d) None

5. Which one of the following correctly describes 'Project Nexus', which was recently in the news?
(a) A mechanism to facilitate cross-border trading and settlement of Central Bank Digital Currencies (CBDCs) between financial institutions, using new Decentralized Finance (DeFi) technology
(b) A multilateral international initiative to enable instant cross-border retail payments by interlinking domestic Fast Payments Systems (FPSs)
(c) A tool used by the Central Banks to manipulate bond yields and inflation by selling long term maturity bonds and purchasing short term bonds in lieu from the markets
(d) A project by the Government of India to curb financial fraud related cyber crimes by organized crime syndicates

6. Consider the following statements regarding Ratnagiri, Odisha:
1. It is a Mahayana Buddhist site.
2. It is part of the 'Golden Triangle' of Odisha along with Udaygiri and Lalitgiri.
3. It hosts the only monastery in India with a curvilinear roof.

How many of the statements given above are correct?
(a) Only one
(b) Only two
(c) All three
(d) None

7. In the context of the Israel-Palestine conflict, arrange the following events in chronological order starting from the earliest:
1. Camp David Accords
2. Six-Day War
3. Abraham Accords
4. Oslo Accords

Select the correct answer using the code given below:
(a) 2 – 1 – 4 – 3
(b) 1 – 3 – 2 – 4
(c) 2 – 1 – 3 – 4
(d) 2 – 3 – 1 – 4

8. Which one of the following is a property of atomic clocks that makes them ideal for deep space missions?
(a) The small size of electrons makes the effect of gravity on atoms negligible
(b) Unlike quartz clocks, atomic clocks don't lose or gain time for perpetuity
(c) Atomic clocks combine a quartz crystal oscillator with an ensemble of atoms to achieve greater stability
(d) The energy generated by the radioactivity of the atom makes the clock work perpetually

9. Consider the following statements regarding the appointment of retired judges in High Courts:
1. The Chief Justice of the High Court can appoint a retired judge of a High Court to act as a judge only after consultation with the Governor.
2. If appointed as a judge of the High Court, a retired judge cannot hold office for more than three years.

Which of the above given statements is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

10. Which one of the following statements is ***not*** correct regarding the cellular genetic material?
(a) The higher the level of specialization of the cell, the lesser is the number of genes it can activate.
(b) The higher the metabolic activity of the cell the more lightly packed is the genetic material.
(c) Only half the number of cellular chromosomes is inherited from one parent to its offspring.
(d) All of the genetic material in a cell is confined inside the nucleus of the cell.

11. Consider the following countries:
1. Indonesia
2. Philippines
3. Laos PDR
4. Taiwan
5. Vietnam

How many of the above countries border the South China Sea?
(a) Only two
(b) Only three
(c) Only four
(d) All five

12. Consider the following statements regarding the nuclear fusion:
1. It involves splitting of a large atom into smaller constituents.
2. It produces greater energy as compared to nuclear fission.
3. For controlling nuclear fusion reactions, a magnetic confinement device is required.

How many of the above statements are correct?
(a) Only one
(b) Only two
(c) All three
(d) None

13. The 'Adi tribe', one of India's prominent tribal groups, primarily inhabits which one of the following States?
(a) Assam
(b) Nagaland
(c) Manipur
(d) Arunachal Pradesh

14. Consider the following statements with reference to Alzheimer's disease:

1. It is a degenerative disorder of the nervous system.
2. It involves the deposition of defective proteins in the body cavity.
3. It is largely transmitted genetically from one generation to another.

How many of the above statements are correct?

(a) Only one
(b) Only two
(c) All three
(d) None

15. Which one of the following best describes the term 'orange economy'?

(a) Economic model based on the contribution and potential of creative assets
(b) Economic model where health, personal care and wellness indices are predominant
(c) Economic model focused on sustainable manufacturing and consumption of commodities
(d) Economic model based on production and consumption of processed foods and superfoods

16. Consider the following statements about Thiruvalluvar:

1. He wrote the treatise *Tolkappiyam*, which is the oldest surviving Tamil grammar.
2. He emphasized the concept of moral vegetarianism and non-violence.
3. His verses refer to a divine energy termed as *Kadavul Vazhthu*.

How many of the above statements are correct?

(a) Only one
(b) Only two
(c) All three
(d) None

17. The US Entity List, that was seen recently in news, is primarily associated with which one of the following?

(a) A list of countries which are believed to have undertaken currency manipulation
(b) A US defence treaty listing strategic partners for arms trade
(c) List of entities restricted for the exports of critical technologies from USA
(d) A list of nations sanctioned under the US Patriot Act for financial misconduct

18. Consider the following statements regarding the Etikoppaka toys:

1. These are Geographically Indication (GI) tagged toys from Karnataka.
2. They are also known as lacquer toys because of their unique polish.
3. These toys are made from softwood and are designed without any sharp edges.

How many of the above statements are correct?

(a) Only one
(b) Only two
(c) All three
(d) None

19. 'SANJAY' which was recently seen in the news, corresponds to which one of the following?

(a) An indigenously made laser based directed-energy weapon
(b) An indigenous machine pistol inducted into the Indian Army
(c) An indigenously developed battlefield surveillance system
(d) India's first indigenously developed attack Helicopter

20. Consider the following statements regarding the Essential Religious Practices (ERP):

Statement-I:

Religious denominations have autonomy to decide what constitutes as essential to their faith.

Statement-II:

Article 25 of the Constitution of India guarantees the absolute right to profess, practice and propagate religion.

Which one of the following is correct in respect of the above statements?

(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct, but Statement–II is incorrect
(d) Statement–I is incorrect, but Statement–II is correct

21. 'HRMN – 99' is a self-pollinating variety of which one of the following horticultural crops?

(a) Mango
(b) Banana
(c) Pomegranate
(d) Apple

22. With reference to the phenomena of river frothing, consider the following statements:

1. Frothing exhibits seasonality with maximum extent reported during the post-monsoon months.
2. The excessive growth of bacterial colonies is a contributor to the phenomenon of frothing.
3. River streams with hydropower plants report more frothing, than those without it.
4. Frothing can accentuate hypoxic conditions in the water body.

How many of the above statements are correct?

(a) Only one
(b) Only two
(c) Only three
(d) All four

23. Rice (*Oryza sativa*) is the staple diet for Indians, with various regions despite being culturally and geographically different uniting for the love of this food. Rice, considered to be the food of Gods, is taken to be auspicious in every culture of India. In this context, consider the following pairs for varieties of rice and the States who have been granted Geographical Indication tag for the same:

	Rice variety	State
1.	Karen Musley	Andhra Pradesh
2.	Boka Saul	Assam
3.	Kalanamak	West Bengal
4.	Chak-Hao	Manipur
5.	Pokkali	Kerala

How many of the pairs given above are correctly matched?

(a) Only two pairs
(b) Only three pairs
(c) Only four pairs
(d) All five pairs

24. Consider the following:

1. Entity Locker
2. Unified Payment Interface (UPI)
3. CoWIN
4. Ayushman Bharat Digital Mission
5. Agri Stack

How many of the above are part of India's Digital Public Infrastructure?

(a) Only two
(b) Only three
(c) Only four
(d) All five

25. Consider the following statements regarding the Graphics Processing Units (GPUs):

1. These are optimized for performing matrix multiplications efficiently.
2. Unlike Central Processing Units (CPUs), GPUs work on a parallel processing model.

Which of the statements given above is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

26. Lezim, a folk dance, is traditionally associated with which one of the following States of India?
(a) Karnataka
(b) Andhra Pradesh
(c) Kerala
(d) Maharashtra

27. Consider the following statements regarding the organophosphates:
1. The compounds affect the neuromuscular transmission in the human body.
2. The chemicals are used in the treatment of autoimmune disorder Myasthenia Gravis.
3. Atropine is used as an antidote in case of organophosphate poisoning.

How many of the above statements are correct?
(a) Only one
(b) Only two
(c) All three
(d) None

28. Recently, the NITI Aayog has launched the Fiscal Health Index 2025 for Indian States. According to this index, which of the following is the correct sequence of the ranking of the States as per their overall fiscal health in the descending order?
(a) Odisha - Bihar - Gujarat - Punjab
(b) Gujarat - Odisha - Punjab - Bihar
(c) Odisha - Gujarat - Bihar - Punjab
(d) Gujarat - Odisha - Bihar - Punjab

29. Consider the following statements regarding stampedes:
1. Traumatic Asphyxia is the most common cause of death during stampedes.
2. The National Disaster Management Authority (NDMA) has issued guidelines for crowd management to prevent stampedes.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

30. Consider the following statements regarding the public services in India:
1. The Constitution of India empowers the Parliament to regulate the appointment and service conditions of Central Government employees.
2. All Central Government employees serve at the pleasure of the President of India.
3. No public servant in India can be reduced in rank without being given an opportunity to be heard.

How many of the above statements are correct?
(a) Only one
(b) Only two
(c) All three
(d) None

31. Consider the following statements regarding the launch of Earth Observation satellites:
Statement-I:
The Earth Observation satellites are generally launched from the launch sites located on the eastern coasts.
Statement-II:
The east coast provides additional thrust to the satellite launch due to the Earth's rotation in west to east direction.
Which one of the following is correct in respect of the above statements?
(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct, but Statement–II is incorrect
(d) Statement–I is incorrect, but Statement–II is correct

32. Consider the following pairs:

	Archaeological Site	River
1.	Addichanalur	Vagai
2.	Keezhadi	Thamirabarani
3.	Koddumanal	Noyyal
4.	Pattanam	Periyar

How many of the pairs given above are correctly matched?
(a) Only one pair
(b) Only two pairs
(c) Only three pairs
(d) All four pairs

33. Which of the following statements regarding the Annual Status of Educational Report (ASER) 2024 is/are correct?

1. It is released by the Ministry of Education.
2. The 2024 edition, for the first time, has included a section on digital literacy.

Select the correct answer using the code given below:

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

34. With reference to the Public Interest Litigation (PIL) in India, consider the following statements:

1. It cannot be filed in any courts lower than the High Courts.
2. The requirement of *Locus Standi* is relaxed in the case of PILs.
3. It is strictly governed by the principle of *Res Judicata.*
4. The Courts have the *Suo Motu* powers to initiate a PIL on its own.

How many of the statements given above are correct?

(a) Only one
(b) Only two
(c) Only three
(d) All four

35. Consider the following statements regarding World Health Organization (WHO) membership:

1. Only a United Nations (UN) member is eligible to join the WHO.
2. A member can leave the WHO after giving a prior one-year notice.

Which of the statements given above is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

36. Consider the following diseases:

1. Lymphatic Filariasis
2. Noma
3. Kala-Azar
4. AIDS
5. Dengue

How many of the above are classified as Neglected Tropical Diseases (NTDs)?

(a) Only two
(b) Only three
(c) Only four
(d) All five

37. Consider the following statements regarding wetlands in India:

1. In India, only the Central Government has the authority to notify a water body as a wetland.
2. River channels are not included in the definition of wetlands.

Which of the statements given above is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

38. Consider the following statements regarding the Arittapatti Biodiversity Heritage Site:

1. It is the only biodiversity heritage site in Tamil Nadu.
2. The Ramsar site of Anaikondan Lake is located within this biodiversity site.
3. It is an important habitat for the endangered Red Slender Loris.

How many of the above statements are correct?

(a) Only one
(b) Only two
(c) All three
(d) None

39. Consider the following pairs:

	Type of Bail	Description
1.	Regular	Bail granted when the police fail to file a charge sheet within the prescribed time
2.	Anticipatory	Bail granted prior to the arrest of the individual
3.	Interim	Temporary bail granted, before the formal bail application is filed
4.	Statutory	Bail granted after arrest, allowing for release during trial

How many of the above pairs are correctly matched?
(a) Only one
(b) Only two
(c) Only three
(d) All four

40. Consider the following statements:
1. Attempt to suicide is not a criminal offense under the Bharatiya Nyaya Sanhita (BNS), 2023.
2. The Mental Healthcare Act, 2017, recognizes an attempt to suicide as a symptom of severe stress and mandates care and rehabilitation.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

41. Consider the following statements regarding Dengue:
Statement-I:
Very heavy rainfall in excess of 150 mm can reduce the incidence of Dengue.
Statement-II:
Aedes aegypti, the vector for dengue, prefers to breed in muddy water like in swamps, creeks, etc.
Which one of the following is correct in respect of the above statements?
(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct, but Statement–II is incorrect
(d) Statement–I is incorrect, but Statement–II is correct

42. Consider the following multilateral groupings:
1. ASEAN+3
2. BIMSTEC
3. Ganga-Mekong Cooperation
4. East Asia Summit (EAS)
5. Regional Comprehensive Economic Partnership (RCEP)

How many of the above groupings do ***not*** include both India and Indonesia together as partners?
(a) Only two
(b) Only three
(c) Only four
(d) All five

43. Which one of the following statements best describes the term 'Democracy Paradox', recently seen in the news?
(a) The increasing support for democracy as a system of governance, but electors electing leaders who often undermine the democratic principles
(b) The practice of conveying an insidious implicit message to a certain set of targeted audience, covertly through means of public harmless looking actions or speeches for political gains
(c) The practice of drawing electoral boundaries or constituencies in such a way that gives one party an unfair advantage over its rivals
(d) A person or a group of persons who are not in agreement with a lawful procedure choose to obstruct it through nuisance

44. Which of the following statements is/are correct regarding the city of Vadnagar?
1. It is the second city of Gujarat, after Ahmedabad, to be listed in UNESCO's World Heritage List.
2. The famous Sharmishtha Lake is located near this city.

Select the correct answer using the code given below:
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

45. Which of the following is a commonality amongst the drugs Aceclofenac, Diclofenac, Nimesulide and Ketoprofen?

(a) These are taken as performance-enhancing drugs by the Athletes.

(b) These drugs are classified under Schedule II of the Narcotics Drugs and Psychotropic Substances Act, 1985.

(c) These drugs are toxic to the Vultures, contributing to their dwindling populations.

(d) These drugs have been banned for production and distribution in India.

46. Consider the following statements regarding the Community Forest Resource Rights in India:

1. These are granted in protected areas like Wildlife Sanctuaries or National Parks.
2. The Gram Sabhas are empowered to make rules for the management of these areas.

Which of the statements given above is/are correct?

(a) 1 only

(b) 2 only

(c) Both 1 and 2

(d) Neither 1 nor 2

47. Which of the following best describes the term 'Kerb Trading'?

(a) A high-frequency trading strategy where traders make quick profits from small price movements

(b) A market practice where stocks are traded outside official exchange hours, often informally

(c) The practice of borrowing and selling securities to profit from a price decline

(d) A stabilizing mechanism in IPOs where underwriters sell additional shares

48. Consider the following statements regarding Guinea Worm Disease:

1. It is caused by a protist which is endoparasitic to humans.
2. Its causative organism is the largest tissue parasite known to affect humans.
3. Domestic dogs act as a carrier for this disease.

How many of the above statements are correct?

(a) Only one

(b) Only two

(c) All three

(d) None

49. Consider the following countries:

1. Republic of Congo
2. Democratic Republic of Congo
3. Uganda
4. Kenya
5. South Sudan

How many of the above countries share land boundaries with Rwanda?

(a) Only two

(b) Only three

(c) Only four

(d) All five

50. Which one of the following best describes the term 'Plea bargaining', recently seen in the news?

(a) A practice of litigants deliberately filing cases at a specific court, in the hope of getting a favourable outcome

(b) An accused pleading guilty in lieu of an expected reduced sentence by the trial court

(c) Anxiety experienced by the ordinary citizenry in court settings

(d) A legal doctrine that allows the State to withhold sensitive information from being disclosed in court proceedings

51. Consider the following:
1. Leaving crop residues on fields
2. Spraying seawater on low-level marine clouds
3. Covering the surface of water reservoirs with shade balls
4. Painting roofs with reflective materials
5. Injecting diamond dust into the stratosphere

Which of the above techniques can be used to reflect more sunlight back?
(a) 1, 3 and 4 only
(b) 2, 3, and 5 only
(c) 1, 2, 4 and 5 only
(d) 1, 2, 3, 4, and 5

52. Consider the following statements:
Statement-I:
In 2024, India's annual mean temperature rise was less than the global average.
Statement-II:
India is located in the tropical region.
Statement-III:
India has a higher concentration of aerosols in the atmosphere.
Which one of the following is correct in respect of the above statements?
(a) Both Statement–II and Statement–III are correct and both of them explain Statement–I
(b) Both Statement–II and Statement–III are correct, but only one of them explains Statement–I
(c) Only one of the Statements–II and III is correct and that explains Statement–I
(d) Neither Statement–II nor Statement–III is correct

53. Consider the following statements:
1. It is the largest island in the Chagos Archipelago.
2. It is part of the British Indian Ocean Territory (BIOT).
3. The United States uses it as an air and naval base.
4. In 2019, the International Court of Justice ruled in favor of its decolonization.

Which one of the following territories is described in the statements given above?
(a) Socotra Island
(b) Bora Bora
(c) Unguja
(d) Diego Garcia

54. *Trichophyton indotineae*, recently in the news, is associated with which one of the following?
(a) An algal species used in bioremediation
(b) A protozoan species causing stomach infection
(c) A newly discovered epiphyte from the Western Ghats
(d) A fungal species causing skin infections

55. Consider the following pairs:

	Cyclone/Hurricane	Associated Region
1.	Gaemi	Japan
2.	Rafael	Cuba
3.	Helene	Brazil
4.	Dikeledi	Indonesia

Which of the pairs given above are correctly matched?
(a) 1 and 3 only
(b) 1, 2 and 3 only
(c) 2 and 4 only
(d) 2, 3 and 4 only

56. With reference to the Gulf of Mexico, consider the following statements:
1. It is located on the Tropic of Cancer.
2. It is connected to the Atlantic Ocean through the Yucatan Channel.
3. It is enclosed by the United States and Mexico only.

Which of the above statements is/are correct?
(a) 1 only
(b) 1 and 2 only
(c) 2 and 3 only
(d) 3 only

57. Consider the following statements:
1. During gene expression, cells form the mRNA molecule, which in turn forms the protein.
2. Any change in the DNA sequence of a cell causes mutation.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

58. The Hollongapar Gibbon Wildlife Sanctuary is located in:
(a) Arunachal Pradesh
(b) Assam
(c) Manipur
(d) Sikkim

59. It refers to the distribution of tax revenues between the Central Government and the State Governments. It is a constitutional mechanism established to allocate the proceeds of certain taxes among the Union and the States in a fair and equitable manner.
Which one of the following is described in the above passage?
(a) Vertical Equity
(b) Monetary Transmission
(c) Tax Devolution
(d) Debt Monetization

60. Consider the following statements with reference to Santa Ana Winds:
Statement-I:
These winds increased the intensity and spread of wildfires in California in 2024.
Statement-II:
These warm and dry anabatic winds originate from high-pressure systems over the Great Basin.
Which one of the following is correct in respect of the above statements?
(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct, but Statement–II is incorrect
(d) Statement–I is incorrect, but Statement–II is correct

61. Which of the following countries are associated with the Makran coast?
(a) Iraq and Saudi Arabia
(b) Iran and Pakistan
(c) Oman and United Arab Emirates
(d) Iraq and Turkey

62. Consider the following statements regarding the Kisan Pehchaan Patra (Farmer ID):
1. It is a unique digital identity for farmers, dynamically linked to Aadhaar and state land records.
2. It is mandatory for new beneficiaries registering under the Pradhan Mantri Kisan Samman Nidhi (PM-KISAN) scheme.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

63. Which of the following statements provides for the correct description of TraceNet 2.0?
(a) A microprocessor-based temperature control and monitoring module developed specifically for heat tracing applications
(b) A tool for rapid assessment of city energy, providing recommendations for energy interventions in urban areas
(c) A financial management platform that simplifies purchasing and budget management for organizations
(d) A service facilitating process certification and ensuring end-to-end traceability of organic products from production to export

64. Consider the following pairs with reference to Indian Navy's projects:

	Project	Vessel Type
1.	Project 17A	Destroyers
2.	Project 15B	Frigates
3.	Project 75	Submarines

Which of the above pairs is/are correctly matched?
(a) 1 and 2 only
(b) 2 and 3 only
(c) 3 only
(d) 1, 2 and 3

65. Consider the following statements regarding the evolution of carnivorous plants:

1. These plants evolved in response to nutrient-poor soils, especially low nitrogen availability.
2. The presence of digestive enzymes in all these plants is responsible for the breakdown of trapped prey.
3. These plants are examples of convergent evolution.

Which of the statements given above are correct?

(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

66. Consider the following information:

	Festival	State	Significance
1.	Modhweth Festival	Telangana	Celebrated as part of the harvest festival
2.	Hemis Festival	Ladakh	Celebrates the Buddhist culture
3.	Karchi Festival	Tripura	Traditional worship of the earth

In which of the above rows is the given information correctly matched?

(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

67. Consider the following statements regarding the KM3NeT project:

1. It detects only those neutrinos that are generated from astrophysical sources.
2. The IceCube Neutrino observatory is part of the KM3NeT project.

Which of the above statements is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

68. Consider the following statements with reference to Fire-and-Forget missiles:

Statement-I:
The operator is not required to maintain visual contact with the Fire-and-Forget missiles.

Statement-II:
Fire-and-Forget missiles autonomously decide its own path once the target is set.

Which one of the following is correct in respect of the above statements?

(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct, but Statement–II is incorrect
(d) Statement–I is incorrect, but Statement–II is correct

69. Consider the following statements about micro-DNA:

1. It refers to small, circular DNA fragments found outside chromosomes, often linked to genetic mutations.
2. It does not function as a template for protein synthesis.
3. Like microRNA, micro-DNA plays a role in gene regulation by silencing specific genes.
4. It can serve as a biomarker for early disease detection.

Which of the above statements are correct?

(a) 1, 2 and 3 only
(b) 1, 2 and 4 only
(c) 3 and 4 only
(d) 1, 2, 3 and 4

70. Project VISTAAR, recently launched by the Government of India, is related to:

(a) Information Technology
(b) Agriculture and Farmers' Welfare
(c) Education and Research
(d) Healthcare

71. 'One Nation, One Subscription', sometimes seen in news, refers to:
(a) an initiative to provide seamless access to digital knowledge resources
(b) a government program aimed at providing universal healthcare coverage
(c) a campaign to promote a single type of internet subscription for all citizens
(d) a policy to unify the pricing of public transportation across different cities

72. Diammonium Phosphate has applications in which of the following fields?
1. Fertilizer industry
2. Wine Production
3. Dairy industry
4. Fire Extinguisher
5. Wastewater treatment

Select the correct answer using the code given below:
(a) 1, 2 and 4 only
(b) 1, 3 and 5 only
(c) 2, 3, 4 and 5 only
(d) 1, 2, 3, 4 and 5

73. '*Otocolobus manul*' recently seen in Himachal Pradesh belongs to which of the following group?
(a) amphibians
(b) mammals
(c) reptiles
(d) platyhelminthes

74. With reference to the Whole Genome Sequencing (WGS) and Whole Exome Sequencing (WES), consider the following statements:
1. WGS sequences both coding and non-coding regions of a DNA.
2. WGS detects a wider range of genetic variations than WES.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

75. In 2024, the total annual groundwater recharge in India saw a notable increase of 15 BCM (Billion Cubic Meters), while groundwater extraction decreased by 3 BCM compared to the 2017 assessment. Which of the following initiatives contributed to water conservation?
1. Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA)
2. Mission Amrit Sarovar
3. Atal Mission for Rejuvenation and Urban Transformation (AMRUT)2.0
4. Jal Shakti Abhiyan

Select the correct answer using the code given below:
(a) 1, 2, and 3 only
(b) 2 and 4 only
(c) 1, 3 and 4 only
(d) 1, 2, 3 and 4

76. Consider the following pairs:

	Port in Red Sea	Country
1.	Eilat	Egypt
2.	Aqaba	Israel
3.	Jeddah	Saudi Arabia

How many of the pairs given above are correctly matched?
(a) Only one pair
(b) Only two pairs
(c) All three pairs
(d) None

77. Consider the following statements:
1. The permissible limit of nitrates in the groundwater is 60 mg per litre.
2. Monsoon rainfall tends to decrease nitrate levels in the groundwater.

Which of the statements given above is/are ***not*** correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

78. Consider the following:
1. He gave the slogan "one religion, one caste, one God for mankind".
2. He urged the Ezhavas to leave toddy tapping.
3. He is the author of *Atmopadesa Satakam.*

Which one of the following personalities is described above?
(a) Periyar E. V. Ramasamy
(b) Sree Narayana Guru
(c) Ramakrishna Paramahamsa
(d) Chattampi Swamikal

79. Consider the following statements:
Statement-I:
In-flight internet connectivity can only be possible through satellite based connectivity.
Statement-II:
Internet from ground stations is transmitted to aircraft through satellites.
Which one of the following is correct in respect of the above statements?
(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct, but Statement–II is incorrect
(d) Statement–I is incorrect, but Statement–II is correct

80. Consider the following pairs with reference to United Nations Framework Convention on Climate Change (UNFCCC) Parties:

	Parties	Description
1.	Annex I	No binding emission reduction targets under the Convention
2.	Annex II	Obligation to provide financial resources and technology transfer to developing countries
3.	Non Annex I	Industrialized countries that were members of the Organisation for Economic Co-operation and Development (OECD) in 1992

How many of the above pairs are correctly matched?
(a) Only one pair
(b) Only two pairs
(c) All three pairs
(d) None

81. Consider the following statements:
Statement-I:
Core inflation exhibits greater stability compared to headline inflation.
Statement-II:
Core inflation excludes food and fuel items from headline inflation.
Which one of the following is correct in respect of the above statements?
(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct, but Statement–II is incorrect
(d) Statement–I is incorrect, but Statement–II is correct

82. Consider the following pairs:

	Hydropower Project	River
1.	Grand Ethiopian Renaissance Dam	Blue Nile
2.	Motuo Hydropower Station	Yangtze
3.	Shahtoot Dam	Maidan

How many of the pairs given above are correctly matched?
(a) Only one pair
(b) Only two pairs
(c) All three pairs
(d) None

83. Consider the following statements:
Statement-I:
Human Metapneumovirus is active during dry winter conditions.
Statement-II:
Low humidity increases transmission rates of viral particles.
Which one of the following is correct in respect of the above statements?
(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct, but Statement–II is incorrect
(d) Statement–I is incorrect, but Statement–II is correct

84. Consider the following statements regarding Velu Nachiyar:

1. She was the first queen in India to wage war against the British.
2. She formed a strategic alliance with Hyder Ali.

Which of the above statements is/are ***not*** correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

85. Consider the following statements with reference to the United Nations Security Council (UNSC)?

1. All members of the UNSC have equal voting power.
2. Non-permanent members of the UNSC serve for a term of three years.
3. UNSC meets only once a year.

How many of the above statements are correct?

(a) Only one
(b) Only two
(c) All three
(d) None

86. Consider the following statements:

1. Natural coral spawning typically occurs once a year.
2. Cryo-born corals are heat-tolerant corals developed to combat the effects of climate change.

Which of the above statements is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

87. Dhanauri wetland, recently seen in the news, lies in which state?

(a) Odisha
(b) Assam
(c) Maharashtra
(d) Uttar Pradesh

88. Consider the following statements with reference to Autism Spectrum Disorder (ASD):

1. Air pollution or toxins during pregnancy may cause genetic mutations linked to autism.
2. Autism can be diagnosed through blood tests or brain scans.
3. The prevalence of autism shows a male-to-female ratio of approximately 3:1.

Which of the statements given above is/are correct?

(a) 1 and 2 only
(b) 2 only
(c) 1 and 3 only
(d) 1, 2 and 3

89. Consider the following pairs:

	Mountain Pass	Range
1.	Banihal	Pir Panjal Range
2.	Khunjerab	Eastern Himalayas
3.	Chang-La	Ladakh Range
4.	Nathu La	Karakoram Range

Which of the above pairs are correctly matched?

(a) 1 and 3 only
(b) 2, 3, and 4 only
(c) 1 and 4 only
(d) 1, 2, 3, and 4

90. The Prime Minister YASASVI Scheme is related to which one of the following?

(a) Promotion of startups and entrepreneurship
(b) Scholarships for OBC, EBC, and DNT students
(c) Rural infrastructure development
(d) Financial assistance for MSMEs

91. Consider the following statements with reference to the Bharatpol portal:

1. It allows only central agencies to connect with Interpol.
2. It is developed by the National Investigation Agency to enable real-time international police cooperation.
3. It enables easy drafting of Red Corner Notice requests.

Which of the statements given above is/are correct?

(a) 1 and 2 only
(b) 2 only
(c) 3 only
(d) 1, 2 and 3

92. Which of the following best explains the formation of tidal tails in galaxies?

(a) Gravitational forces from the Moon acting on Earth
(b) Radiation pressure from stars pushing gas outward
(c) Rapid supernova explosions ejecting stellar material
(d) Galaxies undergoing close encounters or mergers

93. Which of the following statements with reference to Central Universities is/are correct?

1. They are established through an executive directive.
2. The President of India appoints their Vice-Chancellor.

Select the correct answer using the code given below:

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

94. In Taranagar village, Jaisalmer, Rajasthan, residents recently witnessed a rare phenomenon where large amounts of water unexpectedly gushed out from underground and later ceased naturally without any external intervention. This occurred due to the presence of a confined aquifer, where groundwater is trapped under pressure between impermeable rock layers. When the upper confining layer is punctured, the pressurized water rises naturally to the surface.

Which one of the following principles best explains this phenomenon?

(a) Artesian Principle
(b) Capillary Action
(c) Wilting Point
(d) Osmotic Pressure

95. Consider the following statements regarding the recent amendments to the Electricity (Rights of Consumers) Rules, 2020:

1. Consumers can install separate electricity connections for charging their Electric Vehicles.
2. Distribution companies will cover the cost of distribution system strengthening for all new Rooftop Solar Photovoltaic installations.

Which of the statements given above is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

96. Which one of the following annual events is celebrated to commemorate the return of Mahatma Gandhi to India from South Africa?

(a) National Youth Day
(b) Sadbhavana Diwas
(c) International Non-Violence Day
(d) Pravasi Bharatiya Divas

97. Consider the following countries:

1. Indonesia
2. South Africa
3. Iran
4. Brazil

Which of the following represents the correct chronological order in which these countries became members of BRICS?

(a) 1 - 2 - 3 - 4
(b) 2 - 4 - 3 - 1
(c) 4 - 2 - 1 - 3
(d) 4 - 2 - 3 - 1

98. Which of the following best describes *Caenorhabditis elegans*?

(a) A type of protozoan
(b) A species of nematode worm
(c) A kind of arthropod
(d) A type of fungus

99. Consider the following statements regarding Energy Storage Systems (ESS):

Statement-I:

It can help in bringing down the variability of generation in renewable energy sources.

Statement-II:

It stores surplus energy from renewable sources and supplies it during peak demand hours.

Which one of the following is correct in respect of the above statements?

(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct, but Statement–II is incorrect
(d) Statement–I is incorrect, but Statement–II is correct

100. In which one of the following States, the 'Haathi-Bandhu' programme has been adopted by the civil society to manage human-wildlife conflict?

(a) Meghalaya
(b) Chhattisgarh
(c) Assam
(d) Kerala

NEWSPAPER and MAGAZINES - UPSC Edition

WHAT ALL IS THERE IN THE MAIN CHANNEL
