VAJIRAM & RAVI

PowerUp Current Affairs Test Series – 2025

CA Test – 11 – (CA2261)

TEST BOOKLET

Time Allowed: Two Hours ***Maximum Marks: 200***

INSTRUCTIONS

1. IMMEDIATELY AFTER THE COMMENCEMENT OF THE EXAMINATION, YOU SHOULD CHECK THAT THIS TEST BOOKLET DOES ***NOT*** HAVE ANY UNPRINTED OR TORN OR MISSING PAGES OR ITEMS, ETC. IF SO, GET IT REPLACED BY A COMPLETE TEST BOOKLET.
2. **Please note that it is the candidate's responsibility to encode and fill in the Roll Number carefully and without any omission or discrepancy at the appropriate places in the OMR Answer Sheet. Any omission/discrepancy will render the Answer Sheet liable for rejection.**
3. You have to enter your Roll Number on the Test Booklet in the Box provided alongside. ***DO NOT*** write ***anything else*** on the Test Booklet.
4. This Test Booklet contains **100** items (questions). Each item comprises four responses (answers). You will select the response which you want to mark on the Answer Sheet. In case you feel that there is more than one correct response, mark the response which you consider the best. In any case, choose ***ONLY ONE*** response for each item.
5. You have to mark all your responses ***ONLY*** on the separate Answer Sheet provided. See directions in the Answer Sheet.
6. ***All*** items carry equal marks.
7. Before you proceed to mark in the Answer Sheet the response to various items in the Test Booklet, you have to fill in some particulars in the Answer Sheet.
8. After you have completed filling in all your responses on the Answer Sheet and the examination has concluded, you should hand over to the Invigilator ***only the Answer Sheet***. You are permitted to take this Test Booklet with you.
9. **Penalty for wrong answers:**
   THERE WILL BE PENALTY FOR WRONG ANSWERS MARKED BY A CANDIDATE IN ALL THE QUESTIONS.
   i. There are four alternatives for the answer to every question. For each question for which a wrong answer has been given by the candidate, one-third of the marks assigned to that question will be deducted as penalty.
   ii. If a candidate gives more than one answer, it will be treated as a **wrong answer** even if one of the given answers happens to be correct and there will be same penalty as above to that question.
   iii. If a question is left blank, i.e., no answer is given by the candidate, there will be **no penalty** for that question.

1. Which one of the following countries was the largest exporter of Liquified Natural Gas to India in 2023?
(a) Kazakhstan
(b) Qatar
(c) United States of America
(d) United Arab Emirates

2. Which of the following are bilateral agreements between India and the United States of America?
1. Catalyzing Opportunities for Military Partnership, Accelerated Commerce & Technology (COMPACT)
2. Autonomous Systems Industry Alliance (ASIA)
3. Migration and Mobility Partnership (MMP)

Select the correct answer using the code given below:
(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

3. The Chief Justice of India is part of the selection committee of which of the following authorities?
1. Director of Central Bureau of Investigation
2. Central Vigilance Commissioner
3. Lokpal Members
4. Chief Election Commissioner
5. Chief Information Commissioner

Select the correct answer using the code given below:
(a) 1 and 3 only
(b) 2, 4 and 5 only
(c) 1, 3 and 5 only
(d) 1, 2, 3, 4 and 5

4. Consider the following pairs:

	Index	Released by
1.	Climate Change Performance Index	Yale University
2.	Environment Performance Index	Germanwatch
3.	Climate Risk Index	World Economic Forum

How many of the pairs given above are correctly matched?
(a) Only one pair
(b) Only two pairs
(c) All three pairs
(d) None

5. Which one of the following countries does ***not*** border the Zagros mountain?
(a) Iran
(b) Turkey
(c) Iraq
(d) Syria

upsccopycenter ESTB 2024 Thank You. 7710069426

6. Consider the following statements:
Statement-I:
The Constitution of India mandates that the award of death sentence granted by a Session Court cannot be executed until approved by the High Court.
Statement-II:
According to Article 21 of the Constitution of India, no one should be deprived of her/his life and liberty except according to the procedure established by law.
Which one of the following is correct in respect of the above statements?
(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct, but Statement–II is incorrect
(d) Statement–I is incorrect, but Statement–II is correct

7. In which one of the following groups are all the four countries members of the Gulf Cooperation Council?
(a) Bahrain, Kuwait, Qatar and United Arab Emirates
(b) Yemen, Qatar, United Arab Emirates and Saudi Arabia
(c) Iran, Bahrain, Saudi Arabia and United Arab Emirates
(d) Kuwait, Iran, Qatar and Saudi Arabia

8. Consider the following:
1. Bharatiya Nagarik Suraksha Sanhita (BNSS), 2023
2. Unlawful Activities (Prevention) Act (UAPA), 1967
3. Prevention of Money Laundering Act (PMLA), 2002

How many of the above laws in India provide for trial in absentia?
(a) Only one
(b) Only two
(c) All three
(d) None

9. Which one of the following gases was primarily responsible for the Bhopal Gas Tragedy of 1984?
(a) Hydrogen sulfide
(b) Methyl isocyanate
(c) Carbon monoxide
(d) Phosgene

10. Consider the following statements:
1. It is a member of the cuckoo family, but unlike its cousin it is not parasitic.
2. It prefers sparse deciduous vegetation and is a resident of Aravalli and Himalayan foothills.
3. Due to the terrestrial lifestyle, it has earned the nickname "The Serpent Bird".

Which is this bird?
(a) Red Crested Pochard
(b) Common Rosefinch
(c) Eurasian Wigeon
(d) Sirkeer Malkoha

11. Which one of the following States in India recently presented its first 'Green Budget'?
(a) Kerala
(b) Rajasthan
(c) Gujarat
(d) Sikkim

12. Consider the following statements with reference to sea ice and the iceberg:
1. Icebergs originate from land-based glaciers, while sea ice forms directly from the freezing of saline ocean water.
2. The melting of sea ice and icebergs does not contribute to the rise in sea levels.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

13. Under which of the following conditions would the Biological Oxygen Demand (BOD) in a water body decline?
(a) If the amount of organic matter present in the water body is reduced
(b) If a large amount of agricultural fertilizers is introduced to the water body
(c) If untreated industrial wastewater is discharged into the water body
(d) If there is a reduction in the quantity of inorganic compounds in the water body

14. Consider the following countries:
1. Democratic Republic of Congo
2. Uganda
3. Rwanda
4. Sudan
5. Tanzania

How many of the above border Lake Kivu?
(a) Only two
(b) Only three
(c) Only four
(d) All five

15. In the context of insurance sector in India, consider the following statements:
The Insurance Act of 1938 provides:
1. a statutory limit on Foreign Direct Investment (FDI) in the insurance sector
2. for the appointment of insurance agents by the insurance companies
3. for the establishment and functioning of Insurance Regulatory and Development Authority of India (IRDAI)

Which of the statements given above is/are correct?
(a) 1 only
(b) 1 and 2 only
(c) 2 and 3 only
(d) 1, 2 and 3

16. Which of the following statements is/are correct with reference to the Information Technology Act, 2000?
1. It allows for the blocking of websites to restrict public access to offensive content hosted on them.
2. It calls for penal proceedings against posting or transmitting 'offensive messages' online.

Select the correct answer using the code given below:
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

17. Consider the following:
1. The Prime Minister
2. Union Cabinet Ministers
3. Members of the Lokpal
4. Judges of the Supreme Court
5. A State government official serving under the Government of India

How many of the above fall under the jurisdiction of the Lokpal?
(a) Only two
(b) Only three
(c) Only four
(d) All five

18. With reference to the vacating of the seat of a Member of the Parliament (MP) under Article 101(4) of the Constitution of India, consider the following statements:
1. An MP's seat may be declared vacant only if s/he remains absent for the stipulated period without the House's permission.
2. The absence of an MP for the stipulated period leads to automatic disqualification without requiring a vote of the House.
3. The stipulated period of absence excludes any period when the House is prorogued or adjourned.

Which of the statements given above is/are correct?
(a) 1 and 3 only
(b) 2 only
(c) 2 and 3 only
(d) 1, 2 and 3

19. Article 41 of the Constitution of India provides for the right to work, to education and to public assistance in certain cases. It explicitly secures the said right under which of the following situations?
1. Illiteracy
2. Unemployment
3. Old age
4. Sickness
5. Poverty

Select the correct answer using the code given below:
(a) 2 and 4 only
(b) 2, 3 and 4 only
(c) 1, 3 and 5 only
(d) 1, 2, 3, 4 and 5

20. Consider the following statements:
Statement-I:
The quantum technologies can allow for superposition, thus facilitating parallel processing.
Statement-II:
Quantum technologies use electrons for processing of data.
Which one of the following is correct in respect of the above statements?
(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct, but Statement–II is incorrect
(d) Statement–I is incorrect, but Statement–II is correct

21. Consider the following statements with respect to the Patkai rice variety:
1. It is developed by inserting drought resistant foreign genes into the crop's genome.
2. The Central Variety Release Committee has approved this for widespread cultivation.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

22. Consider the following statements:
Statement-I:
Peatlands are the largest natural terrestrial carbon store.
Statement-II:
Peatlands exhibit a slow decomposition activity.
Which one of the following is correct in respect of the above statements?
(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct, but Statement–II is incorrect
(d) Statement–I is incorrect, but Statement–II is correct

23. Consider the following statements regarding carbon markets under the Paris Agreement:
1. The Paris Agreement establishes a centralized carbon market, enabling countries to trade emissions reduction credits.
2. Internationally Transferred Mitigation Outcomes (ITMOs) allow countries to meet their climate targets through bilateral or multilateral cooperation.
3. Carbon credits generated can be used exclusively by developing countries.

How many of the above given statements are correct?
(a) Only one
(b) Only two
(c) All three
(d) None

24. 'Project Farm Vibes', recently seen in news, is related to:
(a) a research initiative focused on developing genetically modified crop varieties
(b) a government to promote organic farming across India
(c) a global campaign to cut carbon emissions from agricultural practices
(d) an AI-powered agricultural initiative to improve crop productivity and resource optimization

25. Consider the following statements regarding the Constitution (Eighty-seventh Amendment) Act, 2003:
1. It revised the basis for delimitation of constituencies from the 1991 Census to the 2001 Census.
2. It provided that the delimitation conducted on or after 2026 will be based on the census data of the immediate preceding year.
3. The allocation of Lok Sabha seats among states remained unchanged.

How many of the above statements are correct?
(a) Only one
(b) Only two
(c) All three
(d) None

26. Consider the following statements with respect to Technology Adoption Fund launched by Indian National Space Promotion and Authorization Centre (IN-SPACe):
1. It will provide financial support only to startups and Micro, Small and Medium Enterprises (MSMEs) developing indigenous space technology.
2. The financial assistance provided through this Fund is not limited to government entities.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

27. Consider the following statements with reference to Advocate-on-Record (AoR):
1. In the Supreme Court, only an AoR is authorized to file a Vakalatnama on behalf of a client.
2. An AoR has the right of audience in the SC.
3. S/he is required to have an office in Delhi within a radius of 10 miles from the SC house.

Which of the statements given above are correct?
(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

28. Which of the following are the consequences of the Reserve Bank of India (RBI) lowering risk weights on loans given by Non-Banking Financial Companies (NBFCs)?
1. Increased lending by NBFCs
2. Reduction in capital adequacy requirements
3. Potential decline in interest rates on loans offered to NBFCs
4. Increased risk of NPAs due to more relaxed credit norms

Select the correct answer using the code given below:
(a) 1 and 2 only
(b) 1, 2 and 3 only
(c) 3 and 4 only
(d) 1, 2, 3 and 4

29. Consider the following statements regarding the women's reservation in Panchayati Raj Institutions (PRIs):
1. The "Triple Test Formula" is used to determine the quantum of reservation for women in Panchayats.
2. The reservation for women in Panchayats is optional and States can decide whether to implement it or not.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

30. Which one of the following best describes the Ultra Conserved Elements (UCEs) in the genome?
(a) Genetic mutations that accelerate evolutionary changes in select species
(b) Highly conserved DNA sequences shared across multiple species, often with regulatory functions
(c) RNA sequences that control protein synthesis in prokaryotic organisms
(d) Short, species-specific DNA segments that enhance genetic variation

31. Consider the following with reference to the pardon of remission in India:
1. Indian criminal laws contain provisions for granting pardon of remission.
2. In the case of remission, the nature of the punishment remains unchanged.
3. The right to be considered for remission is a legal right.

Which of the above statements are correct?
(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

32. 'Doctrine of Coverture' deals with which one of the following?
(a) Women's inheritance rights
(b) Exception of marital rape
(c) Property rights after marriage
(d) Spousal immunity in legal matters

33. Consider the following statements:
1. He fought against social discrimination and untouchability.
2. He led a reform movement within Hinduism.
3. He advocated Vedic education for all castes.
4. He emphasized on acceptance of Hindi as the national language.

Identify the appropriate personality based on the above statements:
(a) Raja Ram Mohan Roy
(b) Swami Vivekananda
(c) Swami Dayanand Saraswati
(d) Ishwar Chandra Vidyasagar

34. Which one of the following best explains the primary cause of Kwashiorkor disease?
(a) Infection caused by a waterborne parasite
(b) Severe protein deficiency in the human body
(c) Excessive carbohydrate intake
(d) Deficiency of vitamin D in the human body

35. Consider the following pairs:

	Protected Area	State
1.	Peppara Wildlife Sanctuary	Tamil Nadu
2.	Sariska Tiger Reserve	Rajasthan
3.	Papikonda National Park	Karnataka

How many of the pairs given above are correctly matched?
(a) Only one pair
(b) Only two pairs
(c) All three pairs
(d) None

36. Which of the following best describes the primary objective of 'Project Waterworth'?
(a) Establishing a satellite-based communication network to enhance global internet access
(b) Deploying undersea power transmission cables across key maritime routes
(c) Enhancing subsea cable infrastructure with AI to improve global connectivity
(d) Creating an exclusive digital corridor between Germany, Poland, Netherlands and Denmark

37. Which of the following countries are members of both the Indian Ocean Rim Association (IORA) and the Indian Ocean Commission (IOC)?
1. Comoros
2. Mozambique
3. Tanzania
4. United Arab Emirates
5. Seychelles

Select the correct answer using the code given below:
(a) 1 and 2 only
(b) 3 and 4 only
(c) 1 and 5 only
(d) 1, 2, 3, 4 and 5

38. Which one of the following countries is ***not*** a part of the Lithium Triangle?
(a) Argentina
(b) Bolivia
(c) Chile
(d) Dominican Republic

39. Which of the following statements is/are correct regarding the Distributed Denial of Service (DDoS) attacks?
1. Similar to a Denial of Service (DoS) attack, DDoS involves a single source.
2. These attacks are usually carried by using botnets.
3. Attackers can exploit Internet of Things (IoT) devices to remotely launch DDoS attacks.

Select the correct answer using the code given below:
(a) 1 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

40. Southern Birdwing, Blue Oakleaf and Shot Silverline are:
(a) moths
(b) dragonflies
(c) beetles
(d) butterflies

upsccopycenter ESTB 2024 Thank You. 7740069426

41. Consider the following statements regarding the Solar Coronal Holes:
1. They form when the Sun's magnetic field opens up to interplanetary space.
2. They are a source of geomagnetic storms primarily caused by Coronal Mass Ejections (CMEs).

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

42. SAKSHAM, recently seen in news, is a campaign to raise awareness about:
(a) issues and measures related to the empowerment of girl child
(b) rainwater harvesting and water conservation practices
(c) fuel conservation and judicious use of petroleum products
(d) benefits of personal hygiene and healthy sanitation practices

43. Consider the following statements regarding the Archaeological Survey of India (ASI):
1. It was established through the efforts of Alexander Cunningham, who was also its first Director-General.
2. Superintending Archaeologists of ASI have the authority to issue eviction notices to remove encroachments from monuments.
3. It has set up Automated Weather Stations (AWS) at historical monuments in collaboration with the Indian Space Research Organisation (ISRO).

Which of the statements given above are correct?
(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

44. Which one of the following best describes the concept of "Indirect Prompt Injection"?
(a) Tampering with public USB charging ports to extract data from connected devices
(b) Injecting malicious code to alter or delete data from Structured Query Language (SQL) databases without authorization
(c) Using a signal-emitting device to feed false location data to a GPS receiver
(d) Manipulation of a Large Language Model (LLM), causing it to execute certain malicious commands

45. Consider the following statements regarding the plasma membrane of a cell:
1. It is composed of both lipids and proteins.
2. Proteins are responsible for selective transport of molecules across the plasma membrane.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

46. Recently, our scientists have discovered a species of flatworm called *Pseudoceros Bifasci* from the coastal areas of Andhra Pradesh. Why is this discovery considered significant?
(a) It marked the first-ever discovery of an invasive alien species from the eastern coast of India.
(b) It marked the first-ever record of this species from mainland India.
(c) It marked the first-ever record of a flatworm species in the country.
(d) It marked the first-ever global re-discovery of this species after being declared extinct.

47. With reference to the "White Winged Wood Duck", sometimes mentioned in the news, consider the following statements:
1. In India, they are found exclusively in Assam.
2. It is a nocturnal bird that mostly remains active during the night.
3. The Dibru-Saikhowa National Park was specifically created to conserve the habitat of this species.

Which of the statements given above are correct?
(a) 1 and 2 only
(b) 2 and 3 only
(c) 3 only
(d) 1 and 3 only

48. Which one of the following statements is the correct description of Mount Dukono?
(a) It is a dormant volcano in Italy that has shown some signs of eruption recently.
(b) It is the world's highest free-standing mountain.
(c) It is an active volcano in Indonesia which erupted recently.
(d) It is the world's highest undersea mountain.

49. Consider the following countries:
1. China
2. Laos
3. Vietnam
4. Cambodia
5. Taiwan

How many of the above share a border with the Gulf of Tonkin?
(a) Only two
(b) Only three
(c) Only four
(d) All five

50. In the context of biodiversity, the term "Extinction Filtering" best refers to:
(a) entire range of organisms from a particular ecosystem being wiped out
(b) process of reappearance of a species after a long period of extinction
(c) conservation efforts focused on species who are under threat of extinction
(d) a phenomena where species sensitive to human disturbance disappear

51. Consider the following statements with reference to Automatic Chemical Agent Detection and Alarm (ACADA) system:
1. It is an essential component of India's Chemical, Biological, Radiological and Nuclear (CBRN) defense.
2. It can detect toxic industrial chemicals in real time.
3. It works by analyzing the movement of ionized molecules in an electric field.

Which of the statements given above are correct?
(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

52. The historic 'Tea Horse Road' used to connect which of the following?
(a) China, India and Tibet
(b) China, Russia and Mongolia
(c) China, Afghanistan and Iran
(d) India, Turkmenistan and Iran

53. Consider the following statements:
Statement-I:
The SRY gene is the key determinant of male sex differentiation at the embryonic stage.
Statement-II:
The embryo follows the default female developmental pathway.
Which one of the following is correct in respect of the above statements?
(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct, but Statement–II is incorrect
(d) Statement–I is incorrect, but Statement–II is correct

54. The Foreign Exchange Management Act (FEMA), 1999 is applicable to:
1. an overseas company of which majority is owned by a Non-Resident Indian (NRI)
3. all the citizens of India, residing in the country or outside
4. Securities as defined under Public Debt Act, 1994

Select the correct answer using the code given below:
(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

55. The 'Blue Shield Network' is primarily associated with:
(a) protection of global financial markets
(b) safeguarding cultual heritage during conflicts and disasters
(c) monitoring international human rights violations
(d) preventing illegal trade and smuggling of arms

56. Which of the following are exempted from toll fee collection on National Highways under the NH Fee (Determination of Rates and Collection) Rules, 2008?
1. Vehicle transporting and accompanying awardee of Param Vir Chakra
2. Vehicle transporting and accompanying the Secretary to the Government of India
3. Vehicle used as funeral van
4. Vehicle transporting and accompanying awardee of Bharat Ratna

Select the correct answer using the code given below:
(a) 1 and 2 only
(b) 3 and 4 only
(c) 1, 2 and 3 only
(d) 1, 2, 3 and 4

57. The First Amendment to the Constitution of India was associated with which of the following?
(a) Special status to Jammu and Kashmir under Article 370
(b) Establishment of a common High Court for two or more States
(c) Privileges for the former rulers of Princely States
(d) Ninth Schedule to protect land reform laws from judicial review

58. Consider the following statements regarding the Foreign Direct Investment (FDI) in India:
1. More than 90% of FDI inflow in India is received under the automatic route.
2. 100% FDI in the telecom sector is allowed under the Automatic Route.
3. The FDI sectoral cap in the insurance sector under the automatic route is 74%.

Which of the statements given above are correct?
(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

59. Consider the following pairs:

	Festival	State
1.	Thaipusam	Andhra Pradesh
2.	Parab	Odisha
3.	Lui-Ngai-Ni	Manipur

How many of the pairs given above are correctly matched?
(a) Only one
(b) Only two
(c) All three
(d) None

60. Consider the following statements regarding the Foot and Mouth Disease (FMD) control measures in India:
1. The National Animal Disease Control Programme (NADCP) provides 100% central assistance to all States and Union Territories for FMD vaccination.
2. The vaccination program under the NADCP has no impact on milk production of livestock but only alters its composition.
3. Under the NADCP vaccination of the entire susceptible population of bovines, small ruminants (sheep and goats) and pigs are done at six-monthly intervals.

Which of the statements given above is/are correct?
(a) 1 only
(b) 1 and 3 only
(c) 2 and 3 only
(d) 1, 2 and 3

61. Consider the following institutions/organizations:
1. All Public Sector Banks
2. All Non-Government Organisations that receives substantial government funding
3. All national political parties
4. All bodies/institutions established by Statute of Parliament

How many of the above are covered under the Right to Information (RTI) Act, 2005?
(a) Only one
(b) Only two
(c) Only three
(d) All four

62. Which one of the following best describes the 'Suzetrigine', recently seen in the news?
(a) A non steroidal anti-inflammatory drug which is toxic to vultures
(b) A non opioid analgesic, which relieves pain by targeting a pain-signaling pathway
(c) A potent insecticide, used to control pest infestations over cashew crops
(d) A poisonous drug, referred to as poisoner's poison because of its sinister effects on the victims

63. Consider the following:
1. Approval of new drugs
2. Conduct of clinical trials
3. Regulating the import of drugs
4. Imposing a ban on certain drugs and cosmetics

How many of the above are the functions of the Central Drugs Standard Control Organisation (CDSCO)?
(a) Only one
(b) Only two
(c) Only three
(d) All four

64. If the Governor of a State reserves a Bill for the President's consideration and the President directs the Governor to return the Bill together with a message to the State Legislature, then:
1. the Legislature must reconsider the Bill within 6 months of its receipt from the Governor.
2. the Governor has no role in enactment of the reconsidered Bill.
3. the President must give her/his assent to the reconsidered Bill.

Which of the statements given above is/are correct?
(a) 1 and 2 only
(b) 3 only
(c) 2 and 3 only
(d) 1, 2 and 3

65. Which one of the following statements best describes astrophysical jets?
(a) They are high-energy cosmic rays that originate outside the solar system and travel at nearly the speed of light.
(b) They are powerful bursts of gamma radiation caused by the collapse of massive stars or the merger of neutron stars.
(c) They are rotating disks of gas and dust surrounding a central massive object.
(d) They are narrow beams of ionized matter ejected from celestial objects such as black holes and neutron stars at high speeds.

66. Consider the following statements with reference to the Gangetic River Dolphin:

1. They find their prey in the water by emitting ultrasonic waves.
2. They cannot breathe in water and must surface every 30-120 seconds.
3. They are highly social in nature and live in large groups of at least 25-30 individuals.
4. Unlike other freshwater dolphins, they do not show seasonal migration according to changes in water levels.

Which of the statements given above are correct?

(a) 1 and 2 only
(b) 3 and 4 only
(c) 1, 2 and 3 only
(d) 1, 2, 3 and 4

67. The Inner Line Permit (ILP), a travel document for Indian citizens entering protected areas, is issued by:

(a) Union Ministry of Home Affairs
(b) Governor of the State
(c) State Government
(d) Autonomous district councils of the respective State

68. In the context of the natural habitats of various species, consider the following:

1. Cheetah
2. Jerdon's Courser
3. Orangutan
4. Asiatic Lion
5. Great Indian Bustard
6. Jaguar

How many of the above prefer open grassland ecosystems over the dense forests?

(a) Only three
(b) Only four
(c) Only five
(d) All six

69. In the context of research and innovation, which one of the following would be the most practical description of the 'Triple-Helix Model'?

(a) A conceptual framework that encompasses the three fundamental legs of innovation – technology, business model and experience
(b) An innovation technique in corporate settings defined by three pivotal elements namely constraints, context and commitment

(d) A sustainable approach to product development based on a trilateral engagement between start-ups, civil society and natural environment

70. With reference to the Indian economy, consider the following statements regarding the Tonnage Tax Scheme (TTS):

1. It is mandatorily imposed on the companies engaged in the business of operation of ships.
2. It will apply on the vessels that are used in domestic trade.
3. The tax liability of a shipping company is determined based on the actual income earned from its shipping operations.

How many of the statements given above are correct?

(a) Only one
(b) Only two
(c) All three
(d) None

71. "It comprises two interconnected wetlands, which are linked to the Ganga River by a channel. It is also the first ever Ramsar site from the State of Jharkhand." This is the most likely description of:

(a) Nagi Bird Sanctuary
(b) Dalma Wildlife Sanctuary
(c) Udhwa Lake Bird Sanctuary
(d) Khecheopalri Wetland

72. In the context of the visa programmes of the United States of America (USA), consider the following statements:

1. EB-5 is a program that enables foreign investors to obtain citizenship of the United States of America by paying a minimum sum of $5 million.
2. "Gold Card" is an employment based visa programme that requires an applicant to create a minimum of 10 jobs in the USA.

Which of the statements given above is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

73. Which of the following are the causes of Ammonia pollution in river waters?

1. Breakdown of urea in agricultural runoff
2. Industrial discharges from dye units and distilleries
3. Leaching of animal waste and manure from livestock farms
4. Untreated sewage and urban wastewater discharge

Select the correct answer using the code given below:

(a) 1 and 2 only
(b) 3 and 4 only
(c) 1, 2 and 4 only
(d) 1, 2, 3 and 4

74. Consider the following pairs:

	River	Flows through
1.	Dnipro	Belarus
2.	Danube	Romania
3.	Dniester	Ukraine
4.	Tagus	Hungary

How many of the pairs given above are correctly matched?

(a) Only one
(b) Only two
(c) Only three
(d) All four

75. India and the United States of America have recently launched a bilateral initiative called the TRUST. It focuses on cooperation in which of the following fields?

1. Recovery and processing of critical minerals
2. Creating a robust supply chain for pharmaceuticals
3. Promoting innovation in artificial intelligence
4. Reducing barriers to technology transfer

Select the correct answer using the code given below:

(a) 1 and 2 only
(b) 3 and 4 only
(c) 1, 2 and 4 only
(d) 1, 2, 3 and 4

76. Which one of the following correctly describes the distinction between quantum charge transport and classical charge transport?

(a) Quantum charge transport occurs only at extremely high temperatures, whereas classical charge transport is observed at all temperatures.
(b) In classical charge transport, charge carriers follow wave-like behavior, whereas quantum charge transport does not exhibit wave-like behavior.
(c) In quantum charge transport, electrons can pass through energy barriers which is insurmountable for classical charge transport.
(d) Unlike classical charge transport, quantum charge transport does not depend on external parameters such as magnetic fields.

77. Consider the following statements:

Statement-I:

Sulphate of Potash (SOP) is used primarily on high-value crops unlike Muriate of Potash (MOP), which is commonly used on carbohydrate type crops.

Statement-II:

SOP is a premium potash fertilizer that contains a significant amount of chloride unlike MOP, which is chloride deficient.

Which one of the following is correct in respect of the above statements?

(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct, but Statement–II is incorrect
(d) Statement–I is incorrect, but Statement–II is correct

78. Consider the following countries:

1. Estonia
2. Poland
3. Latvia
4. Belarus
5. Lithuania

How many of the above are called the Baltic States?

(a) Only two
(b) Only three
(c) Only four
(d) All five

upsccopycenter ESTB 2024 Thank You. 7710069426

79. With reference to recently launched NAKSHA program, consider the following statements:

1. It aims to create and update land records in urban areas.
2. It is launched by the Ministry of Housing and Urban Affairs.
3. The Survey of India is responsible for conducting aerial surveys.

Which of the statements given above is/are correct?

(a) 1 only
(b) 1 and 3 only
(c) 2 and 3 only
(d) 1, 2 and 3

80. Guneri mangrove was recently in the news for which one of the following reasons?

(a) It is a unique inland mangrove ecosystem of Gujarat.
(b) It is a transboundary mangrove forest between India and Pakistan.
(c) It is a unique saltwater mangrove that grows in the Sundarbans delta.
(d) It is the first Biodiversity Heritage Site of Maharashtra.

81. With reference to the heat waves in India, consider the following statements:

1. In a hilly region, the heat wave is considered to occur only if maximum temperature reaches at least 30°C or more.
2. Heatwaves are classified as a notified disaster under the Disaster Management Act, 2005.
3. Marine heat waves can trigger the occurrence of coral bleaching.

Which of the statements given above are correct?

(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

82. Which one of the following has the authority to appoint a retired judge of a High Court to act as a Judge of High Court on an ad-hoc basis?

(a) Chief Justice of India
(b) President of India
(c) Chief Justice of the concerned High Court
(d) Governor of the concerned State

83. Consider the following pairs:

	Craft	State
1.	Dokra Artwork	Chhattisgarh
2.	Gulabi Meenakari Handicraft	Uttar Pradesh
3.	Pithora Art	Uttarakhand
4.	Sohrai paintings	Maharashtra

How many of the pairs given above are correctly matched?

(a) Only one
(b) Only two
(c) Only three
(d) All four

84. Recently, the fighters of the rebel group called 'M23' have captured a number of key cities in which one of the following countries?
(a) Syria
(b) Yemen
(c) Nigeria
(d) Democratic Republic of Congo

85. Consider the following statements:
Statement-I:
The exact length of a day on Earth is changing every year.
Statement-II:
The rotational speed of the inner core of the Earth has been constantly decreasing.
Which one of the following is correct in respect of the above statements?
(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct, but Statement–II is incorrect
(d) Statement–I is incorrect, but Statement–II is correct

86. Which one of the following best describes the "Wadi"?
(a) A depositional aeolian landform, found in arid and semi-arid regions
(b) A fluvial landform, found in West Asia and North Africa
(c) An artificial reef, developed in the Persian Gulf
(d) A karst landform, prominent in West Asia

87. With reference to the Panchayat Devolution Index 2024, consider the following statements:
1. It is based on six identified dimensions which includes Finances and Accountability.
2. It has been prepared and released by the NITI Aayog.
3. Kerala is ranked first in the overall ranking, followed by Maharashtra.

Which of the statements given above are correct?
(a) 1 only
(b) 2 and 3 only
(c) 1 and 2 only
(d) 1, 2 and 3

88. Consider the following statements:
Statement-I:
Both cheetahs and cougars cannot roar.
Statement-II:
Both cheetahs and cougars do not have the hyoid bone adaptation.
Which one of the following is correct in respect of the above statements?
(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct, but Statement–II is incorrect
(d) Statement–I is incorrect, but Statement–II is correct

89. Which one of the following is the objective of the India-United Kingdom ASPIRE program?
(a) To promote the mobility of highly skilled professionals between India and the United Kingdom
(b) To generate livelihood opportunities in rural India
(c) To create new leadership in civil society
(d) Facilitate India's transition to a low-carbon energy ecosystem

90. Consider the following pairs:

	Mountain Range	Country
1.	Pyrenees	Russia
2.	Carpathians	Ukraine
3.	Ardennes	Poland

How many of the pairs given above are correctly matched?
(a) Only one
(b) Only two
(c) All three
(d) None

91. Which one of the following parameters is used by the Indian National Centre for Ocean Information Services (INCOIS) for its Coral Bleaching Alert System (CBAS)?
(a) pH of the sea water
(b) Sea surface temperature
(c) Concentration of carbonic acid
(d) Turbidity of the sea water

92. With reference to IRIS chip, consider the following statements:
1. It has been developed under the SHAKTI microprocessor project.
2. It has been developed with the aim to indigenise semiconductors in the space sector.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

93. Consider the following:
1. Prime Minister
2. Union Minister for Environment, Forest and Climate Change
3. Chief of the Army Staff
4. Director of Zoological Survey of India

How many of the above are ex-officio members of the National Board for Wild Life?
(a) Only one
(b) Only two
(c) Only three
(d) All four

94. Which one of the following best describes the term 'Gross Domestic Knowledge Product', recently seen in the news?
(a) Assessing the contribution of knowledge-driven sectors to the economy
(b) Including the contribution of the informal education sector to the gross domestic product
(c) Assessment of GDP contribution by migration of skilled workforce
(d) Capturing the complete GDP figures through a data-driven AI system

95. With reference to the Bharat Small Reactor (BSR), consider the following statements:
1. It is an upgraded version of Fast Breeder Reactors.
2. It addresses the decarbonization requirements of the steel and aluminium industry.
3. The Nuclear Power Corporation of India operates and maintains BSR.

Which of the statements given above are correct?
(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

96. Risdiplam has been in the news for which one of the following reasons?
(a) It is an anabolic steroid to boost athlete's performance
(b) It is an Central Drugs Standard Control Organisation (CDSCO)-approved drug for weight loss
(c) A World Health Organization (WHO)-approved anti-malaria medication
(d) Drug for treatment of Spinal muscular atrophy

97. With reference to the Trihalomethanes (THMs), consider the following statements:
1. They are a byproduct of the water treatment process.
2. They are formed due to the presence of fluorides in water.
3. They are carcinogenic in nature.

Which of the statements given above is/are correct?
(a) 1 and 2 only
(b) 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

98. Consider the following climatic conditions:
1. Laterite soil
2. 50%-90% relative humidity
3. 20-35^0 Celsius temperature
4. Less than 50% water transparency

Which of the above are required for Makhana cultivation?
(a) 2 and 3 only
(b) 2, 3 and 4 only
(c) 1, 3 and 4 only
(d) 1, 2 and 4 only

99. Which one of the following best describes the term 'Spent wash'?
(a) A liquid generated during the leather tanning process, which is harmful for aquatic life
(b) A liquid generated during the river water treatment process, which is extremely hazardous for human and plant health
(c) A liquid waste generated from molasses fermentation, which can be utilised to improve soil health and crop productivity
(d) A liquid discharge from thermal power plants, with potential use in agricultural applications

100. Consider the following pairs:

	Place in news	Country
1.	Netzarim	Lebanon
2.	Idlib	Syria
3.	Borno	Nigeria

How many of the pairs given above are correctly matched?

(a) Only one

(b) Only two

(c) All three

(d) None

NEWSPAPER and MAGAZINES - UPSC Edition

WHAT ALL IS THERE IN THE MAIN CHANNEL

1. **Newspaper-** The Hindu, Indian Express, etc.

2. **UPSC Editions of TH and IE -** Only UPSC Relevant Articles
