VAJIRAM & RAVI

PowerUp Current Affairs Test Series – 2025

CA Test – 12 – (CA2262)

TEST BOOKLET

Time Allowed: Two Hours ***Maximum Marks: 200***

INSTRUCTIONS

1. IMMEDIATELY AFTER THE COMMENCEMENT OF THE EXAMINATION, YOU SHOULD CHECK THAT THIS TEST BOOKLET DOES ***NOT*** HAVE ANY UNPRINTED OR TORN OR MISSING PAGES OR ITEMS, ETC. IF SO, GET IT REPLACED BY A COMPLETE TEST BOOKLET.
2. **Please note that it is the candidate's responsibility to encode and fill in the Roll Number carefully and without any omission or discrepancy at the appropriate places in the OMR Answer Sheet. Any omission/discrepancy will render the Answer Sheet liable for rejection.**
3. You have to enter your Roll Number on the Test Booklet in the Box provided alongside. ***DO NOT*** write ***anything else*** on the Test Booklet.
4. This Test Booklet contains **100** items (questions). Each item comprises four responses (answers). You will select the response which you want to mark on the Answer Sheet. In case you feel that there is more than one correct response, mark the response which you consider the best. In any case, choose ***ONLY ONE*** response for each item.
5. You have to mark all your responses ***ONLY*** on the separate Answer Sheet provided. See directions in the Answer Sheet.
6. ***All*** items carry equal marks.
7. Before you proceed to mark in the Answer Sheet the response to various items in the Test Booklet, you have to fill in some particulars in the Answer Sheet.
8. After you have completed filling in all your responses on the Answer Sheet and the examination has concluded, you should hand over to the Invigilator ***only the Answer Sheet***. You are permitted to take this Test Booklet with you.
9. **Penalty for wrong answers:**
   THERE WILL BE PENALTY FOR WRONG ANSWERS MARKED BY A CANDIDATE IN ALL THE QUESTIONS.
   i. There are four alternatives for the answer to every question. For each question for which a wrong answer has been given by the candidate, one-third of the marks assigned to that question will be deducted as penalty.
   ii. If a candidate gives more than one answer, it will be treated as a **wrong answer** even if one of the given answers happens to be correct and there will be same penalty as above to that question.
   iii. If a question is left blank, i.e., no answer is given by the candidate, there will be **no penalty** for that question.

1. The term 'Bose Metal', recently seen in the news, best refers to which one of the following?

(a) A non-metallic insulator that can be polarized by applying a very strong electric field

(b) A metal which does not behave as a superconductor even at absolute zero temperature

(c) A type of metal that behaves as a superconductor at absolute zero temperature

(d) A substance whose conductivity does not change even when it is heated to very high temperatures

2. With reference to the initiatives of the Government of India, consider the following pairs:

	Initiative	Objective
1.	BIG Scheme	Providing financial grants for commercialisation of research discoveries
2.	Amrit Grand Challenge	Encourage female students to conduct research in areas of biotechnology
3.	Bio-RIDE Scheme	Establish bioethanol production plants through joint ventures with private sector

Which of the pairs given above is/are correctly matched?

(a) 1 only

(b) 1 and 3 only

(c) 2 only

(d) 2 and 3 only

3. Consider the following statements regarding the findings of the recently released 'Annual Groundwater Quality Report 2024':

1. There is no State/Union Territory in India from which the water samples have met the BIS standards.
2. Majority of the samples collected in the country are found to be unsuitable for irrigation purposes.
3. India's groundwater is characterised by a general absence of bicarbonate and sodium ions.

How many of the above statements are correct?

(a) Only one

(b) Only two

(c) All three

(d) None

4. Which one of the following freedom fighters of India was elected as the president of the Indian National Congress in 1925 as well as was the author of English poems titled 'In the Night' and 'In Gokhale's Garden'?

(a) Sarojini Naidu

(b) Mahatma Gandhi

(c) Annie Besant

(d) C. Sankaran Nair

5. With reference to the phenomena of gully erosion in India, consider the following statements:

Statement-I:

The gully erosion in central and western India poses a more serious impediment to land degradation neutrality than eastern India.

Statement-II:

Chambal river has caused a high level of gully erosion in central and western India.

Which one of the following is correct in respect of the above statements?

(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I

(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I

(c) Statement–I is correct, but Statement–II is incorrect

(d) Statement–I is incorrect, but Statement–II is correct

6. A Generative Adversarial Network (GAN) can effectively do which of the following?

1. Create images using text-based prompts
2. Complete a missing information in a given dataset
3. Generate 3D models from 2D photos
4. Generate original music using existing songs

Select the correct answer using the code given below:

(a) 1 and 2 only
(b) 3 and 4 only
(c) 1, 2 and 4 only
(d) 1, 2, 3 and 4

7. With reference to Indian Navy's MARCOS, consider the following statements:

1. `They are modeled after US Navy SEALS and have the motto 'The Few the Fearless.'
2. Their exclusive mandate is to conduct counter-terrorism operations.

Which of the statements given above is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

8. Which one of the following can be best inferred from the presence of 'ferrihydrite' in the dust on planet Mars?

(a) The red colour of Mars dust is due to anhydrous hematite formed through recent weathering.
(b) Mars was both cold and wet, sometimes in the past.
(c) The red colour of Mars is due to Asteroid belt present between Mars and Jupiter.
(d) There was life on Mars, sometimes in the past.

9. Which of the following are the applications of natural polymer Gum Arabic?

1. Treatment of kidney disease
2. Food emulsification
3. Confectionary coating
4. Soap manufacturing

Select the correct answer using the code given below:

(a) 1 and 2 only
(b) 3 and 4 only
(c) 1, 2 and 4 only
(d) 1, 2, 3 and 4

10. The term 'cat qubit,' recently seen in the news, is associated with:

(a) Error-free computing
(b) Advanced missile guidance
(c) Directed energy weapon
(d) Faster computing, but with more error rates

11. Consider the following pairs:

	Exercise	Participation
1.	TROPEX	Indian military tri-services
2.	Desert Hunt	Indian military special forces
3.	Ekuverin	India - Sri Lanka
4.	Varuna	India - Australia

Which of the pairs given above are correctly matched?

(a) 1 and 2 only
(b) 1, 3 and 4 only
(c) 2 and 3 only
(d) 2, 3 and 4 only

12. Consider the following:
1. PAN Authentication
2. GST Data
3. Bank statement analysis
4. External assessment

How many of the above would be considered for determining the New Credit Assessment Model for MSMEs in India?
(a) Only one
(b) Only two
(c) Only three
(d) All four

13. Consider the following pairs:

	AI-Platform	Objective
1.	BHARATGen	Enhance public service delivery
2.	Sarvam-1	AI for persons with disabilities
3.	Chitralekha	Video transcreation platform
4.	Hanooman Everest 1.0	Translation of ancient scriptures

How many of the pairs given above are correctly matched?
(a) Only one
(b) Only two
(c) Only three
(d) All four

14. Consider the following statements regarding the Renewable Energy Financing Obligation (REFO):
1. It seeks to mandate banks and financial institutions to allocate a fixed portion of their annual lending to renewable energy sectors.
2. Its main objective is to shift the focus from energy procurement to financing.
3. It mobilises private institutional finance while minimizing dependence on government fiscal spending.

Which of the statements given above is/are correct?
(a) 1 only
(b) 1 and 3 only
(c) 2 and 3 only
(d) 1, 2 and 3

15. Which of the following statements correctly describe the Minimum Dietary Diversity (MDD) indicator, recently adopted by the United Nations Statistical Commission?
(a) It monitors calorie intake to ensure food security under the Zero Hunger goal of the SDGs.
(b) It tracks if individuals consume a minimum amount of vitamins and carbohydrates each day.
(c) It measures the amount of non vegetarian food consumed by the population.
(d) It measures dietary quality of women and children in at least five out of ten food groups.

16. Consider the following statements regarding the cassava crop:

Statement-I:
Cassava is often called the "bread of the tropics."

Statement-II:
It is a major source of carbohydrates in Africa, South America, and Southeast Asia.

Statement-III:
It grows best in red lateritic and loamy soils.

Which one of the following is correct in respect of the above statements?
(a) Both Statement–II and Statement–III are correct and both of them explain Statement–I
(b) Both Statement–II and Statement–III are correct, but only one of them explains Statement–I
(c) Only one of the Statements–II and III is correct and that explains Statement–I
(d) Neither Statement–II nor Statement–III is correct

17. This tree, primarily found in the tropical deciduous forests of India, is venerated in Adivasi tradition. The nature worshipping festival called Sarhul is based on it and is celebrated by tribes such as the Oraon, Munda, Santal, Khadia, and Ho in Chotanagpur and the locations where these tribes travelled as the indentured labourers.

This is the best description of:

(a) Teak
(b) Sal
(c) Mahua
(d) Sandalwood

18. With reference to sea grass, consider the following statements:

1. They have no differentiation of true tissues such as roots, stems and leaves.
2. The richest seagrass meadows in India are found along the southeast coast of Tamil Nadu.
3. Products like agar-agar and iodine are extracted from sea grass.

Which of the statements given above is/are correct?

(a) 1 and 2 only
(b) 2 only
(c) 1 and 3 only
(d) 1, 2 and 3

19. The 'Jaipur Declaration' and the 'Hanoi Declaration,' recently seen in the news, are related to:

(a) cooperation on disaster risk reduction in the Indo-Pacific
(b) transboundary river water sharing in Asia
(c) promotion of circular economy in the Asia-Pacific region
(d) trade and investment corridor among ASEAN nations

20. Which one of the following regions has recently been identified as holding massive thorium reserves, with the potential to significantly influence the global nuclear fuel landscape?

(a) Donbas in Ukraine
(b) Bayan Obo in Inner Mongolia, China
(c) Yunnan Province in China
(d) Reko Diq in Pakistan's Balochistan province

21. With reference to the Convention on Cluster Munitions (CCM), consider the following statements:

1. It prohibits the use, production, transfer, and stockpiling of cluster munitions.
2. It is a legally binding enforcement mechanism under the United Nations.
3. Both China and India are not parties to the Convention.
4. Lithuania is the first country to withdraw from it.

Which of the statements given above are correct?

(a) 1 and 2 only
(b) 3 and 4 only
(c) 1, 3 and 4 only
(d) 1, 2, 3 and 4

22. Consider the following pairs:

	Type of Pricing	Description
1.	Predatory Pricing	Selling goods at the price below the cost of production to eliminate competitors
2.	Limit Pricing	Setting prices low enough to discourage new entrants into the market
3.	Collusive Pricing	Price undercutting between firms to offer consumers the lowest possible price
4.	Price Skimming	Setting initial high prices to target early adopters and recover costs

How many of the pairs given above are correctly matched?

(a) Only one
(b) Only two
(c) Only three
(d) All four

23. Which one of the following is the reason for using Perfluorosulfonic acid polymers in the Proton Exchange Membrane Fuel Cells (PEMFCs)?
(a) They function as high-efficiency hydrogen storage materials.
(b) They enable selective proton conduction while preventing electron flow.
(c) They act as catalysts to enhance the redox reaction.
(d) They are used to capture and recycle carbon dioxide within the cell.

24. With reference to Solar Storm, consider the following statements:
1. It originates from the snapping and reconnection of twisted magnetic fields due to rotation of the Sun.
2. It can cause geomagnetic storms in Earth's magnetic field.
3. Aditya-L1 has captured the first-ever image of the solar flare kernel in the Near Ultraviolet (NUV) band.

Which of the statements given above is/are correct?
(a) 1 and 2 only
(b) 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

25. Which one of the following statements is ***not*** correct regarding the Middle Income Countries (MICs), as defined by the World Bank?
(a) These are divided on the basis of income levels according to the Gross National Income (GNI) per capita.
(b) The World bank relies on the member countries regarding the valuation of income data.
(c) They include three-fourth of the world's population and two-third of the world's poor.
(d) They represent about one-third of global GDP and are major engines of global growth.

26. With reference to India-European Union Trade and Technology Council (TTC), consider the following statements:
1. The European Union is the first partner with which India has established such a Trade and Technology Council.
2. It has replaced the India-EU Free Trade Agreement.
3. It focuses on critical and emerging technologies.

Which of the statements given above is/are correct?
(a) 1 and 2 only
(b) 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

27. Consider the following:
1. Ratanmahal Sloth Bear Sanctuary
2. Girnar Sanctuary
3. Pania Sanctuary
4. Nal Sarovar Bird Sanctuary
5. Mitiyala Sanctuary

Which of the above have been notified as parts of the Greater Gir Concept (GGC) to widen the protected area of Asiatic Lions?
(a) 1, 2 and 4 only
(b) 2, 3 and 5 only
(c) 1, 3 and 4 only
(d) 2, 3, 4 and 5 only

28. With reference to social sector funding in India, consider the following statements:
1. India's social sector funding has grown at a steady rate in recent years.
2. Family-owned businesses contribute more than half of the total private-sector Corporate Social Responsibility (CSR) spending annually.
3. Private sector funding has outpaced public sector funding over the past five years.

Which of the statements given above are correct?
(a) 1 and 2 only
(b) 1, 2 and 3 only
(c) 2 and 3 only
(d) 2 and 3

29. Which of the following are the likely consequences of weakening of the Antarctic Circumpolar Current?
1. Invasive species expansion
2. Melting of ice sheets
3. Rise in fisheries production
4. Biodiversity reduction

Select the correct answer using the code given below:
(a) 1 and 2 only
(b) 2, 3 and 4 only
(c) 1, 2 and 4 only
(d) 1 and 3 only

30. It has its origins in 1835 as a militia called the 'Cachar Levy' to protect British tea estates and their settlements against tribal raids. It conducts counterinsurgency operations in north-eastern India and other areas where deemed necessary. It is the only Central Armed Police Forces (CAPFs) that does not have the headquarters in New Delhi. This is the most likely description of:
(a) Indo-Tibetan Border Police
(b) Assam Rifles
(c) Sashastra Seema Bal
(d) Central Reserve Police Force

31. Consider the following statements:
Statement-I:
Space anemia can occur due to a prolonged stay in space.
Statement-II:
An upward shift of bodily fluids towards the head impacts the production of red blood cells.
Which one of the following is correct in respect of the above statements?
(a) Both Statement-I and Statement-II are correct and Statement-II explains Statement-I
(b) Both Statement-I and Statement-II are correct and Statement-II does not explain Statement-I
(c) Statement-I is correct but Statement-II is incorrect
(d) Statement-I is incorrect but Statement-II is correct

32. Which of the following are part of the Mascarene group of islands?
1. Réunion
2. Minicoy
3. Rodrigues
4. Mauritius

Select the correct answer using the code given below:
(a) 1 and 2 only
(b) 2 and 3 only
(c) 3 and 4 only
(d) 1, 3 and 4 only

33. Consider the following pairs:

	Scheme	Objective
1.	ACROSS	Monitor weather, climate and ocean parameters
2.	O-SMART	Monitor marine living resources in the India's EEZ
3.	PACER	Maintain Indian research bases in the Arctic region
4.	SAGE	Monitor hydrostatic pressure in ocean water
5.	REACHOUT	Measure in-situ physical properties of rocks

How many of the above pairs are correctly matched?
(a) Only two
(b) Only three
(c) Only four
(d) All five

34. Which of the following rivers of India are home to freshwater dolphins, either Gangetic or Indus, as per the recent survey?
1. Barak
2. Jhelum
3. Beas
4. Subansiri

Select the correct answer using the code given below:
(a) 1 and 2 only
(b) 3 and 4 only
(c) 3 only
(d) 1, 2 and 3 only

35. Consider the following statements:
1. The Central Government has a constitutional mandate to detain and deport a foreigner from the territory of India.
2. Neither the Constitution of India nor any existing statute defines who constitutes a foreigner in India.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

36. Consider the following statements regarding Unlawful Activities (Prevention) Act, 1967 (UAPA):
1. It empowers the Central Government to designate any organization as a terrorist organization.
2. It explicitly defines 'unlawful activity' to include 'acts or words that support cession, secession, or disrupt India's sovereignty and integrity.
3. It provides for the formation of a tribunal which conducts a judicial enquiry giving the banned organization a chance to present its case.

How many of the above statements are correct?
(a) Only one
(b) Only two
(c) All three
(d) None

37. Which one of the following countries has declared the date on which Mahatma Gandhi began his Dandi March as its National Day?
(a) South Africa
(b) Mauritius
(c) Bhutan
(d) Namibia

38. Consider the following statements regarding the traditional Indian craft Sadeli:
1. It involves inlaying wood in geometric patterns.
2. The State of Rajasthan has been awarded the Geographical Indication (GI) tag for the craft.
3. Teakwood is the preferred wood for making Sadeli craft items.

Which of the statements given above are correct?
(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

39. Which one of the following gases has a hormonal action on plants and is responsible for hastening the fruit ripening process?
(a) Nitric Oxide
(b) Methane
(c) Sulfur hexafluoride
(d) Ethylene

40. Consider the following statements:
1. The Constitution of India explicitly mentions domicile status for the citizens of India.
2. State governments can issue a domicile certificate to its residents.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

41. *Kanyasulkam*, the pioneering Telugu text on child marriage and dowry system, was written by:
(a) Allasi Pedana
(b) Muthuswami Dixitar
(c) Gurjada Apparao
(d) Malliya Rechana

42. Consider the following statements:
1. Prohibiting anyone from using public wells or ghats
2. Denying access to shops, restaurants, or public places to individuals from certain castes
3. Prohibiting a person from entering any place of worship

How many of the above activities are prohibited under Article 15 of the Constitution of India?
(a) Only one
(b) Only two
(c) All three
(d) None

43. Consider the following statements regarding the SPHEREx telescope:
1. It operates at the optical wavelength to map cosmic structures and trace galactic evolution.
2. It aims to generate a colored image of the universe as is visualized from the Earth.
3. It is placed in a polar sun-synchronous orbit facing away from the Sun.

Which of the above statements are correct?
(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

44. Consider the following statements:
Statement–I:
E.V. Ramaswamy Naicker encouraged the use of Tamil in public discourse.
Statement–II:
E.V. Ramaswamy Naicker was an advocate of linguistic purism for the Tamil language.
Which one of the following is correct in regard to the above statements?
(a) Both Statement-I and Statement-II are correct, and Statement-II is the correct explanation of Statement-I
(b) Both Statement-I and Statement-II are correct, but Statement-II is ***not*** the correct explanation of Statement-I
(c) Statement-I is correct, but Statement-II is incorrect
(d) Statement-I is incorrect, but Statement-II is correct

45. Consider the following pairs:

	Militant Organization	Country of Operation
1.	Houthis	Yemen
2.	M23	Democratic Republic of Congo (DRC)
3.	Majeed Brigade	Nigeria
4.	Al-Shabaab	Israel

How many of the pairs given above are correctly matched?
(a) Only one
(b) Only two
(c) Only three
(d) All four

46. The '75/25 initiative' launched by the Government of India is associated with which one of the following diseases?
(a) Cervical cancer
(b) Acquired Immunodeficiency Syndrome
(c) Guillain-Barré Syndrome
(d) Hypertension

47. Consider the following statements regarding the Large Phased Array Radar (LPAR) system:
1. It uses mechanically rotating antennas, making it able to survey larger areas electronically.
2. It can detect multiple incoming objects at a given time.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

48. Consider the following statements regarding the Indian Spiny-tailed Lizard:

1. It is the only herbivorous lizard found in India.
2. It stores fat in its tail to survive during its long hibernation season.
3. It is classified as 'Vulnerable' on the IUCN Red List.

How many of the above statements are correct?

(a) Only one
(b) Only two
(c) All three
(d) None

49. Commonly referred to as *laal saadan*, the fungal infection red rot primarily affects which one of the following crops?

(a) Cotton
(b) Wheat
(c) Sugarcane
(d) Rice

50. Consider the following statements regarding the Indian Sandalwood:

1. It is a partial root parasite, deriving some nutrients from host plants.
2. It is endemic to the Eastern Ghats region of India.
3. It is classified as endangered in the IUCN Red List of Threatened Species.

How many of the above statements are correct?

(a) Only one
(b) Only two
(c) All three
(d) None

51. Consider the following statements regarding Stockholm International Peace Research Institute (SIPRI) 2025 International arms trade report:

1. India is the largest arms importer amongst nations in terms of value.
2. USA replaced Russia as the topmost arms exporter to India in 2024.

Which of the statements given above is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

52. Kiel canal, one of the busiest waterways in the world, connects which of the two water bodies?

(a) North Sea and Baltic Sea
(b) Red Sea and Mediterranean Sea
(c) Arabian Sea and Bay of Bengal
(d) Atlantic Ocean and Pacific Ocean

53. Consider the following statements with reference to Satellite Communication in India:

1. Just like terrestrial spectrum, the satellite spectrum is also part of sovereign rights.
2. As of now, there is no statute for regulating satellite-based communication in India.

Which of the statements given above is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

54. Consider the following statements:

1. National Pharmaceutical Pricing Authority (NPPA) fixes the ceiling prices for drugs under National List of Essential Medicines (NLEM).
2. The Drugs and Cosmetics Act, 1940 provides for price control over essential drugs in the Indian market.
3. Central Drugs Standard Control Organization (CDSCO) works under the Ministry of Chemicals and Fertilizers.

How many of the above statements are correct?

(a) Only one
(b) Only two
(c) All three
(d) None

55. Consider the following statements regarding remittances into India:

1. The United Arab Emirates is the largest source of inward remittances to India.
2. Kerala receives the largest inward remittances among the Indian States.

Which of the statements given above is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

56. The Animal Birth Control Rules 2023, which provide for sterilization of stray animals in human habitational areas, are promulgated under which one of the following?

(a) Environment (Protection) Act, 1986
(b) Wildlife Protection Act, 1972
(c) Prevention of Cruelty to Animals Act, 1960
(d) Livestock Importation Act, 1898

57. Consider the following:

1. Candidiasis
2. Syphilis
3. Ringworm
4. Athlete's Foot
5. Mucormycosis

How many of the above diseases are caused by fungus?

(a) Only two
(b) Only three
(c) Only four
(d) All five

58. Consider the following statements regarding Bharatiya Nyaya Sanhita (BNS):

1. It has included a separate chapter (Chapter V) for 'offences against women and child'.
2. The maximum punishment for any offences against women and children is life imprisonment.

Which of the statements given above is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

59. 'Samanvaya' portal of the Government of India is launched for:

(a) promoting e-commerce integration
(b) tracking social media trends
(c) prevention of cybercrimes
(d) improving transparency in land records

60. Consider the following statements regarding the PM-DAKSH scheme:

1. It is a centrally sponsored skill enhancing scheme.
2. It exclusively focuses on Scheduled Tribes (STs) to enhance their employability.
3. Beneficiaries under the scheme are identified on the basis of annual family income.

How many of the above statements are correct?

(a) Only one
(b) Only two
(c) All three
(d) None

61. Consider the following pairs:

	Embroidery	State
1.	Sujini	Odisha
2.	Kantha	West Bengal
3.	Kheta	Bihar
4.	Kasuti	Karnataka

How many of the pairs given above are correctly matched?

(a) Only one pairs
(b) Only two pairs
(c) Only three pairs
(d) All four pairs

62. One of the most expensive spices in the world, it is believed to have reached India via traders along the Silk Routes. Now, India is the largest producer of this spice after Iran. Known for its aromatic and medicinal properties, it thrives in semi-arid regions but fares poorly in extreme temperatures. It is propagated via corms instead of seeds.

Which one of the following spices has been discussed above?

(a) Lavender
(b) Cardamom
(c) Saffron
(d) Asafoetida

63. Consider the following statements about Hyperloop technology:

1. It aims to use friction energy of the tracks to provide additional thrust to the transporting capsules.
2. Its basic principle is to reduce aerodynamic drag faced by the conventional transportation system.

Which of the statements given above is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

64. Consider the following pairs with respect to India's naval exercises:

	Exercise	Country
1.	Varuna	France
2.	Bongosagar	Bangladesh
3.	Indra	Russia
4.	Naseem-Al-Bahar	Oman

How many of the above pairs are correctly matched?

(a) Only one
(b) Only two
(c) Only three
(d) All four

65. Consider the following statements:

Statement-I:

The Governor of a State must use the text prepared by the Council of Ministers to deliver an address to the State Legislature.

Statement-II:

Under Article 176 of the Constitution of India, delivering the address to the House is a constitutional responsibility of the Governor.

Which one of the following is correct in respect of the above statements?

(a) Both Statement-I and Statement-II are correct, and Statement-II explains Statement-I
(b) Both Statement-I and Statement-II are correct, but Statement-II does ***not*** explain Statement-I
(c) Statement-I is correct, but Statement-II is incorrect
(d) Statement-I is incorrect, but Statement-II is correct

66. In recent years, deregulation has been at the core of policy making across various countries. In this context, consider the following pairs:

	Economic Reform	Country undertaking the reform
1.	Establishment of the Department of Government Efficiency	United States of America
2.	Adoption of the Better Regulation Framework	United Kingdom
3.	Setting up of the Ministry of Regulation	New Zealand

Which of the pairs given above is/are correctly matched?

(a) 1 only
(b) 1 and 2 only
(c) 2 and 3 only
(d) 1, 2 and 3

67. Consider the following statements:

Statement-I:

A market correction episode could have a cascading effect on Indian investor sentiment.

Statement-II:

Indian stock markets have overseen a rise in participation from younger investors.

Which one of the following is correct in respect of the above statements?

(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct, but Statement–II is incorrect
(d) Statement–I is incorrect, but Statement–II is correct

68. Oeko-Tex certification, sometimes seen in the news, is related to which one of the following?

(a) Chemical residue control in agricultural produce

Which of the statements given above is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

70. Which of the following factors are considered in calculating the World Happiness Index rankings?

1. GDP per capita
2. Healthy life expectancy
3. Social support
4. Perceptions of generosity
5. Freedom
6. Access to the internet

Select the correct answer using the code given below:

(a) 1, 2, 3, 4 and 5 only
(b) 1, 2, 3 and 6 only
(c) 3, 4, 5 and 6 only
(d) 1, 2, 4, 5 and 6 only

71. With reference to the festival of Navroz, consider the following statements:

1. It is celebrated on the day of the vernal equinox.
2. It is recognised under UNESCO List of Intangible Cultural Heritage of Humanity.

Which of the statements given above is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

72. Consider the following States:

1. Manipur
2. Nagaland
3. Arunachal Pradesh
4. Assam

How many of the above states have the Armed Forces (Special Powers) Act (AFSPA), 1958 in force as of April 2025?

(a) Only one
(b) Only two
(c) Only three
(d) All four

3. In India, anti-dumping duties are levied by the Ministry of Commerce and Industry.
4. The duty amount in anti-dumping measures completely depends on the subsidy value of foreign goods.

Which of the statements given above are correct?

(a) 1 and 2 only
(b) 1, 2 and 3 only
(c) 3 and 4 only
(d) 1, 2, 3 and 4

83. Consider the following information with respect to Micro, Small, and Medium Enterprises (MSMEs):

	Category	Investment limit (Rs)	Turnover limit (Rs)
1.	Micro Enterprise	Up to 5 crore	Up to 10 crore
2.	Small Enterprise	Up to 25 crore	Up to 100 crore
3.	Medium Enterprise	Up to 125 crore	Up to 500 crore

In how many of the above rows is the given information correctly matched?

(a) Only one
(b) Only two
(c) All three
(d) None

84. Consider the following:

1. Earth Hour
2. TX2 Goal
3. TRAFFIC
4. Earth Overshoot Day

How many of the above initiatives are launched by the World Wide Fund for Nature (WWF)?

(a) Only one
(b) Only two
(c) Only three
(d) All four

85. Consider the following statements with respect to MGNREGA job cards:

1. All job card deletions shall only take place after due verification in a Gram Sabha.
2. Workers have the right to appeal a deletion within 90 days by filing a petition with the Block Development Officer (BDO).
3. A job card may be deleted even if there are pending liabilities, such as unpaid wages or compensation.

Which of the statements given above are correct?

(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

86. The IOS SAGAR initiative, recently launched by India, is primarily aimed at:

(a) Establishing a regional framework for sustainable ocean resource management among Indian Ocean littoral states
(b) Strengthening maritime security and capacity building in the Indian Ocean Region
(c) Promoting a digital blue economy corridor through undersea data cable infrastructure across island nations
(d) Coordinating joint research on deep-sea biodiversity and mineral exploration with Indo-Pacific partners

87. Consider the following:
1. Stem Cell Therapy
2. Forensic DNA Typing
3. Disease Gene Mapping
4. Paternity Testing

How many of the above are the applications of DNA polymorphism?
(a) Only one
(b) Only two
(c) Only three
(d) All four

88. Consider the following pairs:

	Chilli variety	State
1.	Dalle Khursani	Karnataka
2.	Khola	Sikkim
3.	Bhiwapur	Maharashtra

How many of the pairs given above are correctly matched?
(a) Only one pair
(b) Only two pairs
(c) All three pairs
(d) None

89. Consider the following statements regarding the Pradhan Mantri Virasat Ka Samvardhan (PM VIKAS) Scheme:
1. It is a Central Sector Scheme focused on the upliftment of six notified minority communities.
2. It facilitates credit linkage by connecting beneficiaries with institutional loan schemes.
3. The implementing partners are required to ensure placement of 75% of total candidates trained under NSQF-aligned skill development programs.

Which of the statements given above is/are correct?
(a) 1 and 3 only
(b) 2 only
(c) 2 and 3 only
(d) 1, 2 and 3

90. Consider the following pairs:

	Geographic Feature	Country
1.	Cascade Glacier	Scotland
2.	Mount Lewotobi	Guatemala
3.	Katchatheevu Island	Maldives

How many of the pairs given above are correctly matched?
(a) Only one pair
(b) Only two pairs
(c) All three pairs
(d) None

91. Which one of the following states have both Inner Line Permit (ILP) and Autonomous District Councils (ADCs)?
(a) Mizoram
(b) Meghalaya
(c) Assam
(d) Tripura

92. Which one of the following is the primary objective of Euclid observatory?
(a) to search for habitable exoplanets in nearby star systems
(b) to study the chemical composition of planetary atmospheres
(c) to investigate the nature and distribution of dark matter and dark energy
(d) to monitor solar activity and its impact on Earth's magnetosphere

93. Consider the following statements with reference to the in-house procedure of enquiry of judges:
1. It is an internal process established by the Supreme Court and does not involve any parliamentary procedure.
2. The inquiry committee for a High Court judge is headed by the Chief Justice of India.

4. It does not have any provision for legal representation.

How many of the above statements are correct?
(a) Only one
(b) Only two
(c) Only three
(d) All four

94. Consider the following statements with reference to BHIM 3.0:

1. It works on USSD-based systems and hence is used in areas without internet access.
2. It offers a view of a user's monthly spending patterns for the spends done on BHIM App.
3. It allows users to store money in a digital wallet for making offline payments.

How many of the above statements are correct?

(a) Only one
(b) Only two
(c) All three
(d) None

95. Consider the following statements:

Statement-I:
Signal, an app used for direct messaging, cannot be hacked.

Statement-II:
Signal app uses end-to-end encryption for its messaging and calling services.

Which one of the following is correct in respect of the above statements?

(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct, but Statement–II is incorrect
(d) Statement–I is incorrect, but Statement–II is correct

96. Consider the following statements with reference to Gold Monetisation Scheme:

1. It aims to mobilise idle gold held by households and institutions and integrate it into the formal economy.
2. Under the scheme, gold can be deposited for a maximum tenure of 20 years.

Which of the statements given above is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

97. Which one of the following is the primary objective of DX-EDGE?

(a) To promote inclusive and scalable digital transformation for MSMEs in India
(b) To regulate digital lending apps under the RBI's supervision
(c) To create a centralized database of citizens' digital footprints in India
(d) To establish state-wise digital literacy rankings among rural schools

98. Consider the following pairs:

	Traditional Dance	State
1.	Theyyam	Goa
2.	Fugdi	Kerala
3.	Thougal Jagoi	Manipur
4.	Dangi	Gujarat

How many of the pairs given above are correct?

(a) Only one pair
(b) Only two pairs
(c) Only three pairs
(d) All four pairs

99. Which of the following tectonic plates are involved in the geotectonic setting of Myanmar?

1. Sunda plate
2. Burma plate
3. Eurasian plate

Select the correct answer using the code given below:

(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

100. Which one of the following best defines the primary difference between the International Union for Conservation of Nature (IUCN) Green Status assessment and the Red List?

(a) It focuses only on extinction risk.

(b) It evaluates species recovery and ecological functionality.

(c) It measures habitat fragmentation alone.

(d) It tracks only population numbers.
