VAJIRAM & RAVI

PowerUp Current Affairs Test Series – 2025

CA Test – 14 – (CA2264)

TEST BOOKLET

Time Allowed: Two Hours ***Maximum Marks: 200***

INSTRUCTIONS

1. IMMEDIATELY AFTER THE COMMENCEMENT OF THE EXAMINATION, YOU SHOULD CHECK THAT THIS TEST BOOKLET DOES ***NOT*** HAVE ANY UNPRINTED OR TORN OR MISSING PAGES OR ITEMS, ETC. IF SO, GET IT REPLACED BY A COMPLETE TEST BOOKLET.
2. **Please note that it is the candidate's responsibility to encode and fill in the Roll Number carefully and without any omission or discrepancy at the appropriate places in the OMR Answer Sheet. Any omission/discrepancy will render the Answer Sheet liable for rejection.**
3. You have to enter your Roll Number on the Test Booklet in the Box provided alongside. ***DO NOT*** write ***anything else*** on the Test Booklet.
4. This Test Booklet contains **100** items (questions). Each item comprises four responses (answers). You will select the response which you want to mark on the Answer Sheet. In case you feel that there is more than one correct response, mark the response which you consider the best. In any case, choose ***ONLY ONE*** response for each item.
5. You have to mark all your responses ***ONLY*** on the separate Answer Sheet provided. See directions in the Answer Sheet.
6. ***All*** items carry equal marks.
7. Before you proceed to mark in the Answer Sheet the response to various items in the Test Booklet, you have to fill in some particulars in the Answer Sheet.
8. After you have completed filling in all your responses on the Answer Sheet and the examination has concluded, you should hand over to the Invigilator ***only the Answer Sheet***. You are permitted to take this Test Booklet with you.
9. **Penalty for wrong answers:**
   THERE WILL BE PENALTY FOR WRONG ANSWERS MARKED BY A CANDIDATE IN ALL THE QUESTIONS.
   i. There are four alternatives for the answer to every question. For each question for which a wrong answer has been given by the candidate, one-third of the marks assigned to that question will be deducted as penalty.
   ii. If a candidate gives more than one answer, it will be treated as a **wrong answer** even if one of the given answers happens to be correct and there will be same penalty as above to that question.
   iii. If a question is left blank, i.e., no answer is given by the candidate, there will be **no penalty** for that question.

1. Consider the following statements with reference to the Ethanol production in India:

1. Ethanol is primarily produced from sugarcane-based molasses and grain-based sources.
2. B-heavy molasses is a major contributor for ethanol production.

Which of the statements given above is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

2. Consider the following statements with reference to the Green Credit Programme (GCP):

1. It aims to incentivise "pro-planet" actions in response to climate change.
2. It mandates use of degraded forest land for plantations.
3. Green Credit generated under the programme can be traded on a domestic market platform.

Which of the statements given above are correct?

(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

3. With reference to the Biomass mission, consider the following statements:

1. It allows scientists to accurately measure the change in carbon distribution patterns at a global scale.
2. It is a NASA mission.

Which of the statements given above is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

4. With reference to the Waqf bill 2025, consider the following statements:

1. It allows the formation of Waqf by a user.
2. It empowers collectors to conduct surveys as per State revenue laws.
3. It allows the inclusion of non-Muslims into the Central Waqf Council and Waqf Boards.
4. Separate Waqf boards are allowed for the Bohra and Agakhani sects.

Which of the statements given above are correct?

(a) 1 and 2 only
(b) 1, 2 and 4 only
(c) 3 and 4 only
(d) 2, 3 and 4 only

5. Which one of the following best describes the term 'professional tax'?

(a) A tax levied by the central government on income earned by professionals such as doctors and lawyers
(b) A fee charged by professional bodies for granting licenses to practice
(c) A tax levied by state governments on income earned by salaried individuals and professionals
(d) A surcharge imposed on corporate firms for employing professionals in managerial roles

6. With reference to the Inter-parliamentary Union (IPU), consider the following statements:

1. It is a global organization for parliamentary diplomacy and dialogue.
2. It is financed by public funds of member states.
3. Its headquarter is in New York.

Which of the statements given above are correct?

(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

7. The term 'Kannadippaya', recently in the news, refers to:

(a) a traditional martial art form practiced in Kerala

(b) a ceremonial dance performed by tribal communities in Tamil Nadu

(c) a handwoven bamboo mat crafted by tribal artisans in Kerala

(d) an ancient megalithic site discovered in the Western Ghats

8. With reference to the organ-on-chip technology, consider the following statements:

1. They are engineered or natural miniature tissues grown inside microfluidic chips.
2. They facilitate drug development by replicating human pathophysiology.
3. It is part of the 'new approach method' that can be used to overcome the limitations of animal testing.

Which of the statements given above are correct?

(a) 1 and 2 only

(b) 2 and 3 only

(c) 1 and 3 only

(d) 1, 2 and 3

9. What is meant by the term 'India Volatility Index', often referred to as India VIX, in financial markets?

(a) It indicates the average returns of stock markets over a period of time

(b) It measures the liquidity available in the stock market

(c) It reflects market expectations of near-term price volatility in the stock market

(d) It shows the extent of foreign portfolio investment inflows into the country

10. Consider the following:

1. Judicial review of the decision of the presiding officer.
2. Direction to the speaker to decide petitions under the anti-defection law.
3. Wider interpretation of the term 'Voluntarily giving up of the membership'.

How many of the above are correct with respect to the role of the Supreme Court in anti-defection law?

(a) Only one

(b) Only two

(c) All three

(d) None

11. Consider the following statements regarding Gulf of Mannar Marine Biosphere Reserve:

1. It is the only reserve for the critically endangered Dugong.
2. It is the first Marine Biosphere Reserve of India.

Which of the statements given above is/are correct?

(a) 1 only

(b) 2 only

(c) Both 1 and 2

(d) Neither 1 nor 2

12. With reference to India's space programme, which of the following best explains the primary objective of establishing the Third Launch Pad (TLP) at Sriharikota?

(a) To provide a dedicated launch platform for PSLV and GSLV missions in quick succession

(b) To support the launch of ISRO's Next Generation Launch Vehicles (NGLVs), which require larger infrastructure and unique servicing features

(c) To act as an exclusive site for satellite launches under private space companies in India

(d) To serve as a testing site for reusable space plane prototypes and space tourism initiatives

13. Consider the following:
1. Monazite
2. Bauxite
3. Bastnaesite
4. Xenotime

How many of the above are major sources of Rare Earth Elements (REEs)?
(a) Only one
(b) Only two
(c) Only three
(d) All four

14. From the 2024–25 season, the Government introduced Price Differential Payment (PDP) under the Market Intervention Scheme (MIS). What is the primary objective of this component?
(a) To provide crop insurance for farmers during natural disasters
(b) To compensate farmers for losses due to pests and diseases
(c) To directly pay farmers the difference between the Market Intervention Price (MIP) and the actual selling price of perishable crops
(d) To provide subsidies to traders for exporting surplus produce

15. Consider the following statements with reference to chlorpyrifos :
1. It has been classified as 'moderately hazardous' by the World Health Organisation.
2. Its use is completely banned in India for all agricultural crops.
3. Pesticide Action Network (PAN) India advocates placing chlorpyrifos under the Rotterdam Convention, requiring prior informed consent before trade.

Which of the statements given above are correct?
(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

16. Which one of the following Indian states is the only state to have a dedicated Urban Policy as of now?
(a) Maharashtra
(b) Tamil Nadu
(c) Gujarat
(d) Kerala

17. Consider the following statements with reference to the hormones produced in the human body:
1. Oxytocin improves appetite regulation and emotional well-being.
2. Insulin is released under stressful conditions to assist the body in responding properly.
3. Cortisol helps regulate blood sugar levels by promoting glucose uptake into cells for energy.

Which of the statements given above are ***not*** correct?
(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

18. Consider the following statements with reference to the Fram2 mission:
1. It is a mission of the European Space Agency (ESA).
2. It aims to place humans in polar orbit for the first time in human history.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

19. Which one of the following best describes *Greenhouse Gas Emissions Intensity*?
(a) Average emissions per individual in a region
(b) Total emissions released per unit time
(c) Emissions per unit of product output
(d) Total annual emissions of a country

20. Consider the following statements with reference to the (SHe-Box) portal:

1. It has been launched by the Ministry of Social Justice and Empowerment.
2. It is available to all women, regardless of their employment status

Which of the statements given above is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

21. Consider the following statements with reference to the Joint Polar Satellite System (JPSS):

1. It is meant to provide weather forecasting services that help predict severe weather events.
2. It observes the Earth only in the infrared and visible spectrum.
3. JPSS satellites orbit Earth from pole to pole 14 times a day, ensuring full global coverage twice daily.

Which of the statements given above are correct?

(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

22. Consider the following:

1. The Loyal Mohammedans of India
2. Tahzib-ul-Akhlaq
3. The Aligarh Institute Gazette
4. Mirat-ul-Akhbar
5. Sambad Kaumudi

How many of the above periodicals were written by Sir Syed Ahmad Khan?

(a) Only two
(b) Only three
(c) Only four
(d) All five

23. In the year 2023, India submitted its Initial Adaptation Communication to the United Nations Framework Convention on Climate Change (UNFCCC). In this context, which of the following statements are correct regarding this Initial Adaptation Communication?

1. It was submitted in accordance with the provisions of Article 7 of the Paris Climate Agreement.
2. It reveals that India's total adaptation related expenditure has almost doubled between 2015-16 and 2021-22.
3. Under it, India pledges to reduce the emissions intensity of its GDP by 45 percent by 2030 from 2005 level.

Select the correct answer using the code given below:

(a) 1 only
(b) 1 and 2 only
(c) 2 only
(d) 1, 2 and 3

24. Recently, two new Artificial Intelligence (AI) models named o3 and o4-mini were launched. In the above context, consider the following statements:

1. Both of these AI models have been trained using "reinforcement learning".
2. Both of these are AI reasoning models developed by OpenAI.

Which of the statements given above is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

25. Consider the following pairs:

	Term sometimes seen in news in relation to Vietnam War	Description
1.	Agent Orange	Chemical used to clear woody shrubs and trees
2.	Agent Blue	A dioxin based chemical with a half-life of about 50 years
3.	Agent Green	An arsenic-based herbicide used to destroy crops like rice

How many of the pairs given above are correctly matched?

(a) Only one pair
(b) Only two pairs
(c) All three pairs
(d) None

26. With reference to the 'Global Wind Report 2025' and its findings, which of the following statements are correct?

1. It was prepared and released by the International Renewable Energy Agency.
2. The report highlights that more than 100 gigawatts of new wind energy generation capacity was installed worldwide in the year 2024.
3. China alone accounts for more than two-third of all new wind energy capacity installed in 2024.
4. The offshore wind sector was a major contributor to new wind energy capacity installed globally in 2024.

Select the correct answer using the code given below:

(a) 1 and 3 only
(b) 1 and 4 only
(c) 2 and 3 only
(d) 2 and 4 only

27. Consider the following statements regarding the Sarhul festival:

1. It symbolizes the union of the Sun and the Earth and involves the worship of the Sal tree.
2. It is predominantly observed by the tribal communities of Jharkhand.

Which of the statements given above is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

28. The "Technology and Innovation Report 2025" was recently released by which of the following international organizations?

(a) World Economic Forum
(b) United Nations Development Programme (UNDP)
(c) United Nations Conference on Trade and Development (UNCTAD)
(d) International Telecommunication Union (ITU)

29. Consider the following:

1. Gir Kesar Mango
2. Amalsad Chikoo
3. Kutchi Kharek
4. Coorg Green Cardamom

How many of the above products have been granted the Geographical Indication (GI) tag?

(a) Only one
(b) Only two
(c) Only three
(d) All four

30. Consider the following statements:

Statement-I:

Gas hydrates are only found along the eastern coasts of India.

Statement-II:

Gas hydrates are typically found in shallow continental margins.

Which one of the following is correct in respect of the above statements?

(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I

(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I

(c) Statement–I is correct, but Statement–II is incorrect

(d) Statement–I is incorrect, but Statement–II is correct

31. Consider the following pairs:

	Treaty	Main Provision
1.	Indus Waters Treaty, 1960	It allocates all the waters of Ravi, Beas, and Sutlej to India for exclusive use.
2.	Ganga Water Treaty, 1996	It provides for sharing of Ganga waters between India and Bangladesh
3.	Mahakali Treaty	It provides for the development of Jaldhaka Hydropower Project.

How many of the pairs given above are correctly matched?

(a) Only one pair

(b) Only two pairs

(c) All three pairs

(d) None

32. With reference to India's Carbon Credit Trading Scheme (CCTS), consider the following statements:

1. It aims to facilitate the reduction of emissions intensity of industries by creating a framework for the trading of carbon credits.
2. Unlike the 'compliance mechanism' of CCTS, the entities covered under 'offset mechanism' are not mandated to reduce greenhouse gas (GHG) emissions.

Which of the statements given above is/are correct?

(a) 1 only

(b) 2 only

(c) Both 1 and 2

(d) Neither 1 nor 2

33. Consider the following statements regarding the National Centre for Polar and Ocean Research (NCPOR):

1. It is the nodal agency for planning and conducting India's polar and Southern Ocean research activities.
2. It functions under the Ministry of Environment, Forest and Climate Change.

Which of the statements given above is/are correct?

(a) 1 only

(b) 2 only

(c) Both 1 and 2

(d) Neither 1 nor 2

34. Consider the following statements regarding the Farm Machinery Banks (FMB) scheme:

1. It is implemented under the Sub-Mission on Agricultural Mechanization (SMAM).
2. It provides financial assistance only to individual farmers for purchasing high-cost machinery.
3. It promotes group-based ownership and custom hiring services in villages.

Which of the statements given above is/are correct?

(a) 1 and 2 only

(b) 2 only

(c) 1 and 3 only

(d) 1, 2 and 3

35. Consider the following statements regarding Strike-Slip Faults:

1. They are characterized by horizontal movement where tectonic plates slide past each other with minimal vertical displacement.
2. The East African Rift Zone is a well-known example of a strike-slip fault system.

Which of the statements given above is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

36. Consider the following pairs:

	Indian military infrastructure and strategic projects	Feature
1.	Project Seabird	Development of a nuclear submarine base near Visakhapatnam
2.	Project Varsha	Establishment of a major naval base at Karwar
3.	Project VIJAYAK	Road connectivity in the areas of Kargil and Zanskar

How many of the pairs given above are correctly matched?

(a) Only one pair
(b) Only two pairs
(c) All three pairs
(d) None

37. Consider the following statements regarding the Regional Rural Banks (RRBs) in India:

1. Only public sector banks are eligible to act as sponsor banks for RRBs.
2. They are jointly regulated and supervised by the Reserve Bank of India and the National Bank for Agriculture and Rural Development.
3. They are mandated to operate solely within rural and semi-urban regions.

Which of the statements given above is/are correct?

(a) 2 only
(b) 1 and 3 only
(c) 2 and 3 only
(d) 1, 2 and 3

38. The India Skills Accelerator (ISA) initiative was launched by the Ministry of Skill Development and Entrepreneurship (MSDE) in collaboration with which of the following?

a) World Bank
b) International Labour Organization
c) World Economic Forum
d) United Nations Development Programme

39. Consider the following statements:

1. The Genome India Project seeks to develop a comprehensive reference genome that reflects the genetic diversity of India's population.
2. Genetic variants refer to alterations in the DNA sequence that may influence physical traits as well as predisposition to certain diseases.
3. Single Nucleotide Polymorphisms (SNPs) represent the most prevalent form of genetic variation in humans.

Which of the statements given above are correct?

(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

40. Which one of the following is the primary objective of the "Niveshak Didi" initiative?
(a) To train women in tailoring and handicrafts for self-employment
(b) To provide pension benefits to elderly tribal women
(c) To promote stock market participation among urban investors
(d) To empower rural women as financial educators and enhance community financial literacy

41. Consider the following statements with reference to the assessment frameworks developed for strengthening Panchayati Raj Institutions (PRIs) in India:
1. The Panchayat Advancement Index (PAI) is designed to evaluate the progress of grassroots institutions in achieving localized Sustainable Development Goals (LSDGs).
2. The Devolution Index assesses the extent of autonomy Panchayats have in taking independent decisions related to governance, planning and resource utilization.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

42. With reference to the IUCN Green Status of Species, consider the following statements:
1. The Green Status framework evaluates how far a species is from achieving full ecological recovery, rather than focusing solely on the risk of extinction.
2. A species is classified as fully recovered only when it is viable, functionally present and ecologically performing its role across its entire indigenous range.
3. The Green Score quantifies the conservation dependence of a species and is calculated exclusively for species currently listed as Critically Endangered.

Which of the statements given above are correct?
(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

43. The United Nations Bangkok Rules and the Nelson Mandela Rules are associated with which of the following areas?
(a) Protection of refugees and asylum seekers
(b) Regulation of international armed conflicts
(c) Standards for the treatment of prisoners
(d) Rights of migrant workers across borders

44. Consider the following statements regarding Mesoscale Convective Systems (MCS):
1. They are organized clusters of thunderstorms that can extend over hundreds of kilometers.
2. These systems are typically confined to high-latitude polar regions.
3. They can cause flash floods.

Which of the statements given above is/are correct?
(a) 1 only
(b) 1 and 3 only
(c) 2 and 3 only
(d) 1, 2 and 3

45. Under which of the following conditions is the RBI most likely to shift its monetary policy stance from "accommodative" to "neutral"?
(a) Inflation is below target and growth is weak
(b) Inflation risks are rising, but growth still needs support
(c) Unemployment is high and credit demand is falling
(d) Oil prices fall sharply, causing deflation concerns

46. With reference to the Africa-India Key Maritime Engagement (AIKEYME) 2025, consider the following statements:
1. It is a multilateral naval exercise jointly hosted by India and South Africa in the Indian Ocean Region.
2. It includes participation from 11 Indian Ocean littoral countries.
3. It is a part of India's maritime strategic outreach under the SAGAR (Security and Growth for All in the Region) and MAHASAGAR frameworks.

How many of the above statements are correct?
(a) Only one
(b) Only two
(c) All three
(d) None

47. Pulikali and Pulivesham, frequently seen during festivals in South India, refer to:
(a) traditional martial art displays
(b) folk dances with tiger body paint
(c) shadow puppetry forms
(d) devotional temple chants

48. Consider the following pairs with reference to the refueling process of aircrafts:

	Type of Refueling Technique	Description/Feature
1.	Buddy-Buddy Refuelling	One aircraft refuels another in mid-air
2.	Probe drogue System	Fuel transferred from ground to low-flying aircraft
3.	Flying Boom System	Uses flexible hose to refuel multiple aircraft at once

How many of the pairs given above are correctly matched?
(a) Only one pair
(b) Only two pairs
(c) All three pairs
(d) None

49. The SolarX and STAR-C initiatives are associated with which of the following international organizations?
(a) International Renewable Energy Agency (IRENA)
(b) International Solar Alliance (ISA)
(c) United Nations Environment Programme (UNEP)
(d) World Bank

50. In the context of meteorology, which one of the following best describes the term 'wet-bulb temperature'?
(a) The temperature at which air becomes saturated and water vapour begins to condense
(b) The temperature an air parcel would attain if all of its water vapour condensed
(c) The average of dry-bulb and dew point temperatures under standard atmospheric conditions
(d) The lowest temperature that can be achieved by evaporating water into the air at constant pressure

51. *Typhloperipatus williamsoni,* an organism recently rediscovered in North-East India, is considered to belong to the family of Onychophorans which are considered as a living fossil between which of the following two groups of animals?
(a) Molluscs and Annelids
(b) Annelids and Arthropods
(c) Arthropods and Starfishes
(d) Birds and Reptiles

52. With reference to the Index of Industrial Production (IIP), consider the following statements:
1. The IIP is released by the Central Statistics Office (CSO) under the Ministry of Statistics and Programme Implementation (MoSPI).
2. The current base year for calculating the IIP is 2011–12.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

53. Which one of the following global bodies adopted the first-ever carbon tax on the shipping industry?
(a) United Nations Environment Programme (UNEP)
(b) World Trade Organization (WTO)
(c) International Maritime Organization (IMO)
(d) European Union (EU)

54. Consider the following statements with respect to the KATRIN experiment:
1. KATRIN investigates the mass of electron antineutrinos by studying the beta decay of tritium.
2. The mass of the neutrino affects the maximum energy that the emitted electron can attain during the decay process.

Which of the statements given above is/are correct?
(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

55. The term 'Blue Washing' sometimes seen in news, refers to:
(a) the use of ocean-based data for weather prediction
(b) the practice of portraying polluting industries as environmentally friendly by categorising them under less polluting or cleaner industry labels
(c) a method of filtering seawater to remove microplastics
(d) the bleaching of corals due to excessive freshwater influx from glacial melt

56. Consider the following information:

	Area	Reason for being in the news recently	Country
1.	Tuti Island	Facing the dual challenge of civil war and climate change	Sudan
2.	Lake Natron	Change in salinity levels of the lake leading to reduced population of migratory birds	Tanzania
3.	Santorini	Declaration of a state of emergency due to frequent occurrence of earthquakes	Spain

In how many of the above rows is the given information correctly matched?
(a) Only one
(b) Only two
(c) All three
(d) None

57. Consider the following statements regarding RT-LAMP technology:
1. This technique like the RT-PCR one requires variation in temperature to complete one process.
2. This technology is more technique sensitive than the RT-PCR.
3. This technology can be employed in mass screening in case of epidemic outbreaks.

How many of the above statements are correct?
(a) Only one
(b) Only two
(c) All three
(d) None

58. Consider the following countries:
1. Myanmar
2. Afghanistan
3. Tajikistan
4. Kyrgyzstan
5. Bangladesh

The Hindu Kush Himalaya Mountains are spread over which of the above mentioned countries?
(a) 2 and 5 only
(b) 1, 2 and 5 only
(c) 1, 3 and 4 only
(d) 2 and 4 only

59. In context of volcanism, which of the following statements correctly describe characteristics the Supervolcanoes?
1. A supervolcano must be capable of ejecting more than 1,000 cubic kilometres of volcanic material in a single eruption.
2. The most recent supervolcanic eruption occurred several thousands of years ago.
3. Unlike regular volcanoes, supervolcanoes are always found along tectonic plate boundaries.

Select the correct answer using the code given below:
(a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

60. The Isthmus of Perekop connects which of the following mentioned regions?
(a) Peloponnese Peninsula and Greece
(b) Kassandra Peninsula and Cyprus
(c) Crimean Peninsula and Ukraine
(d) Balkan Peninsula and Anatolia

61. Consider the following:
1. Limestone
2. Magnesium Carbonate
3. Nitrogen Dioxide
4. Ammonia
5. Aldrin

How many of the above mentioned chemicals are used as absorbents in Flue Gas Desulphurisation (FGD)?
(a) Only two
(b) Only three
(c) Only four
(d) All five

62. Consider the following statements regarding International Maritime Bureau:

1. It is an agency established under the United Nations Convention on the Law of the Sea (UNCLOS).
2. It is the designated authority to issue licenses for deep-sea mining over the ocean floor beyond national jurisdiction.
3. It has an observer status with the International Criminal Police Organization (INTERPOL).

How many of the above given statements are correct?

(a) Only one
(b) Only two
(c) All three
(d) None

63. In the context of which one of the following do some scientists primarily suggest the use of the technique of 'Mist netting'?

(a) Monitoring the population of birds
(b) Reducing the global warming
(c) Production of biodegradable plastics
(d) Controlling the population of mosquitoes

64. Consider the following pairs:

	Place/project recently mentioned in news	State
1.	Sillahalla Pumped Storage Hydroelectric Project	Tamil Nadu
2.	Balpakram National Park	Manipur
3.	Thangjing Hills	Assam

Which of the pairs given above is/are correctly matched?

(a) 1 only
(b) 1 and 2 only
(c) 3 only
(d) 2 and 3 only

65. With reference to the MacGregor Memorial Medal Award, recently seen in news, consider the following statements:

1. It is awarded annually by the Government of India.
2. It is awarded for recognising extraordinary acts of exploratory journeys and adventure activities.

Which of the statements given above is/are correct?

(a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

66. With reference to types of diabetes, consider the following statements:

Statement-I:

In Type 5 diabetes, the pancreas continues to produce sufficient insulin, but the body does not respond properly to it.

Statement-II:

Type 5 diabetes is primarily caused by chronic undernutrition, especially during childhood or adolescence.

Which one of the following is correct in respect of the above statements?

(a) Both Statement–I and Statement–II are correct and Statement–II explains Statement–I
(b) Both Statement–I and Statement–II are correct, but Statement–II does ***not*** explain Statement–I
(c) Statement–I is correct, but Statement–II is incorrect
(d) Statement–I is incorrect, but Statement–II is correct

67. Which of the following statements are correct with respect to the Amended BharatNet Program (ABP)?

1. It will provide internet connectivity to gram panchayats through communication satellites instead of Optical Fibre.
